NOTICE OF STAFF WORKSHOPS AND PUBLIC HEARING

NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM
PROPOSED DRAFT GENERAL PERMIT FOR DISCHARGES OF
STORM WATER ASSOCIATED WITH CONSTRUCTION ACTIVITIES

NOTICE IS HEREBY GIVEN THAT the State Water Resources Control Board (State Water Board) will accept comments on the National Pollutant Discharge Elimination System proposed Draft General Permit for Discharges of Storm Water Associated with Construction Activities (Draft Construction Permit). The proposed Draft Construction Permit is available to view or download at:

http://www.waterboards.ca.gov/water_issues/programs/stormwater/.

BACKGROUND

On August 19, 2004, the existing Construction General Permit (Water Quality Order 99-08-DWQ) expired but remains in effect until a new General Permit is adopted.

On June 19, 2006, the State Water Board received a report from a panel of storm water experts (Panel) titled, "The Feasibility of Numeric Effluent Limits Applicable to Discharges of Storm Water Associated with Municipal, Industrial and Construction Activities." This report was considered in preparing the Draft Construction Permit and is available to view at:

http://www.waterboards.ca.gov/water_issues/programs/stormwater/numeric.shtml.

On March 2, 2007, the State Water Board staff issued a preliminary Draft Construction Permit and received many public comments. Staff also held a series of focused stakeholder meetings. The preliminary Draft Construction Permit has been revised in response to input received.

STAFF WORKSHOPS

Wednesday, May 7, 2008 - 10:00 a. m.
