Phase II MS4 Permit Reissuance Virtual Stakeholder Workshops

Please join State Water Resources Control Board staff at one of four virtual stakeholder workshops to learn about the proposed reissuance of the Statewide Phase II Small Municipal Separate Storm Sewer System (MS4) Permit. Due to health concerns from COVID-19, these workshops will be conducted virtually to avoid an in-person gathering using the Zoom video conferencing platform.

Staff will present information and address questions regarding proposed changes in the forthcoming permit reissuance. During the workshop, staff will provide background and seek stakeholder input on: (1) the proposed reorganization of the permit document for regulatory clarity, and (2) options for regulating stormwater discharges from public school districts and community colleges in the forthcoming permit. To learn more, please sign-up for a virtual workshop designated below by stakeholder location:

Date	Location (Virtually via Zoom)	Time
June 15, 2020 - Monday	Workshop #1 - Northern California	9:00 a.m. – 12:00 p.m.
June 15, 2020 - Monday	Workshop #2 - Central California	1:00 p.m. – 4:00 p.m.

To attend the virtual workshops attendees **must** send an email with the following information:

Email to: Stormwater@waterboards.ca.gov:

Subject line (indicate desired workshop #): **MS4 Workshop # Signup**

Body of email to include these 4 elements: First & Last Name, Organization, City, Email Address

State Water Board staff will confirm your signup at least 24 hours in advance of the desired workshop and will email instructions on how to access the workshop one to two hours before each workshop.

During the workshops, there will be a Question and Answer session following the staff presentation. If you have a question prior to or during a workshop, send an additional email to Stormwater@waterboards.ca.gov with the subject line: **MS4 Workshop # Question**. We will not be taking oral questions during the meeting; only questions received by email will be answered at the workshop.
