Dear Mr. Thorne:

REQUEST FOR TIME EXTENSION OF PUBLIC REVIEW PERIOD FOR THE DRAFT PHASE II SMALL MS4 PERMIT

This letter responds to your recent letter requesting an extension of the public review period for the draft Phase II Small MS4 permit. Thank you for your interest in this permit.

Reissuance of the Phase II Small MS4 permit is one of the State Water Resources Control Board's (State Water Board) highest priorities. The State Water Board appreciates the desire for additional time to review the draft permit and therefore is extending the public comment period. Comments on the draft Phase II Small MS4 permit are now due by 12:00 noon on Thursday, September 8, 2011. A revised public notice will be circulated by the Board.

In addition to extending the public comment period, the State Water Board has scheduled a workshop for August 17, 2011 to consider comments on the draft permit. A revised draft permit will be circulated for public comment on the revisions before the State Water Board considers the adoption of the permit. It is expected that the extension of the comment period will delay the public hearing to December 2011 and the consideration of adoption of the permit to February 2012.
