Dear State Water Resources Control Board Members,

PLEASE PROTECT CALIFORNIA'S WATERWAYS FROM HARMFUL POLLUTANTS!

I am deeply concerned about the impaired waters listing policy proposed by the State Water Resources Control Board. The proposed policy will roll back critical protections for California's waterways and cause irreparable harm to human health and the environment.

Please adopt a policy that: (1) avoids statistical tests biased in favor of polluters; (2) fully implements existing standards for toxic pollutants; and (3) retains flexibility for local Water Boards to use their best judgment in listing dirty waterways.

Please do not give in to the pressure of polluters and their lobbyists! I am depending on you to protect California's water for our children and our future.

Sincerely,

Signature: Stephen P. Walker

I am deeply concerned about the impaired waters listing policy proposed by the State Water Resources Control Board. The proposed policy will roll back critical protections for California's waterways and cause irreparable harm to human health and the environment.

Please adopt a policy that: (1) avoids statistical tests biased in favor of polluters; (2) fully implements existing standards for toxic pollutants; and (3) retains flexibility for local Water Boards to use their best judgment in listing dirty waterways.

Please do not give in to the pressure of polluters and their lobbyists! I am depending on you to protect California's water for our children and our future.

Sincerely,

PLEASE PROTECT CALIFORNIA'S WATERWAYS FROM HARMFUL POLLUTANTS!

I am deeply concerned about the impaired waters listing policy proposed by the State Water Resources Control Board. The proposed policy will roll back critical protections for California's waterways and cause irreparable harm to human health and the environment.

Please adopt a policy that: (1) avoids statistical tests biased in favor of polluters; (2) fully implements existing standards for toxic pollutants; and (3) retains flexibility for local Water Boards to use their best judgment in listing dirty waterways.

Please do not give in to the pressure of polluters and their lobbyists! I am depending on you to protect California's water for our children and our future.

Sincerely,

Signature: Janet V. Eyre

Dear State Water Resources Control Board Members,

PLEASE PROTECT CALIFORNIA'S WATERWAYS FROM HARMFUL POLLUTANTS!

I am deeply concerned about the impaired waters listing policy proposed by the State Water Resources Control Board. The proposed policy will roll back critical protections for California's waterways and cause irreparable harm to human health and the environment.

Please adopt a policy that: (1) avoids statistical tests biased in favor of polluters; (2) fully implements existing standards for toxic pollutants; and (3) retains flexibility for local Water Boards to use their best judgment in listing dirty waterways.

Please do not give in to the pressure of polluters and their lobbyists! I am depending on you to protect California's water for our children and our future.

Sincerely,

Signature: Pete Warburton

Dear State Water Resources Control Board Members,

PLEASE PROTECT CALIFORNIA'S WATERWAYS FROM HARMFUL POLLUTANTS!

I am deeply concerned about the impaired waters listing policy proposed by the State Water Resources Control Board. The proposed policy will roll back critical protections for California's waterways and cause irreparable harm to human health and the environment. *Let's slowly get it to turn around - we owe it to people in 50 to 100 years.*

Please adopt a policy that: (1) avoids statistical tests biased in favor of polluters; (2) fully implements existing standards for toxic pollutants; and (3) retains flexibility for local Water Boards to use their best judgment in listing dirty waterways.

Please do not give in to the pressure of polluters and their lobbyists! I am depending on you to protect California's water for our children and our future. *This is so true & we all know it in our hearts. You are crucial to our sense of balance in all of this.*

Sincerely,

Dear State Water Resources Control Board Members,

PLEASE PROTECT CALIFORNIA'S WATERWAYS FROM HARMFUL POLLUTANTS!

I am deeply concerned about the impaired waters listing policy proposed by the State Water Resources Control Board. The proposed policy will roll back critical protections for California's waterways and cause irreparable harm to human health and the environment.

Please adopt a policy that: (1) avoids statistical tests biased in favor of polluters; (2) fully implements existing standards for toxic pollutants; and (3) retains flexibility for local Water Boards to use their best judgment in listing dirty waterways.

Please do not give in to the pressure of polluters and their lobbyists! I am depending on you to protect California's water for our children and our future. *We're counting on you to act in the public's true interest. Don't disappoint.*

Sincerely,

Signature: *Jocelyne C. Mainland*

I am deeply concerned about the impaired waters listing policy proposed by the State Water Resources Control Board. The proposed policy will roll back critical protections for California's waterways and cause irreparable harm to human health and the environment.

Please adopt a policy that: (1) avoids statistical tests biased in favor of polluters; (2) fully implements existing standards for toxic pollutants; and (3) retains flexibility for local Water Boards to use their best judgment in listing dirty waterways.

Please do not give in to the pressure of polluters and their lobbyists! I am depending on you to protect California's water for our children and our future.

Sincerely,

Dear State Water Resources Control Board Members,

PLEASE PROTECT CALIFORNIA'S WATERWAYS FROM HARMFUL POLLUTANTS!

I am deeply concerned about the impaired waters listing policy proposed by the State Water Resources Control Board. The proposed policy will roll back critical protections for California's waterways and cause irreparable harm to human health and the environment.

Please adopt a policy that: (1) avoids statistical tests biased in favor of polluters; (2) fully implements existing standards for toxic pollutants; and (3) retains flexibility for local Water Boards to use their best judgment in listing dirty waterways.

Please do not give in to the pressure of polluters and their lobbyists! I am depending on you to protect California's water for our children and our future.

Sincerely,

State Water Resources Control Board Members,

PLEASE PROTECT CALIFORNIA'S WATERWAYS FROM HARMFUL POLLUTANTS!

I am deeply concerned about the impaired waters listing policy proposed by the State Water Resources Control Board. The proposed policy will roll back critical protections for California's waterways and cause irreparable harm to human health and the environment.

Please adopt a policy that: (1) avoids statistical tests biased in favor of polluters; (2) fully implements existing standards for toxic pollutants; and (3) retains flexibility for local Water Boards to use their best judgment in listing dirty waterways.

Please do not give in to the pressure of polluters and their lobbyists! I am depending on you to protect California's water for our children and our future.

Sincerely,

Signature:

Dear State Water Resources Control Board Members,

PLEASE PROTECT CALIFORNIA'S WATERWAYS FROM HARMFUL POLLUTANTS!

I am deeply concerned about the impaired waters listing policy proposed by the State Water Resources Control Board. The proposed policy will roll back critical protections for California's waterways and cause irreparable harm to human health and the environment.

Please adopt a policy that: (1) avoids statistical tests biased in favor of polluters; (2) fully implements existing standards for toxic pollutants; and (3) retains flexibility for local Water Boards to use their best judgment in listing dirty waterways.

Please do not give in to the pressure of polluters and their lobbyists! I am depending on you to protect California's water for our children and our future.

Sincerely,

Signature: John F. Christensen

PLEASE PROTECT CALIFORNIA'S WATERWAYS FROM HARMFUL POLLUTANTS!

I am deeply concerned about the impaired waters listing policy proposed by the State Water Resources Control Board. The proposed policy will roll back critical protections for California's waterways and cause irreparable harm to human health and the environment.

Please adopt a policy that: (1) avoids statistical tests biased in favor of polluters; (2) fully implements existing standards for toxic pollutants; and (3) retains flexibility for local Water Boards to use their best judgment in listing dirty waterways.

Please do not give in to the pressure of polluters and their lobbyists! I am depending on you to protect California's water for our children and our future.

Sincerely,

Signature:
