

4/18/07 BdMtg Item 7  
Upper Santa Clara River  
Deadline: 4/4/07 noon

**From:** "Aimee Portugal" <aimeeeportugal@yahoo.com>  
**To:** <commentletters@waterboards.ca.gov>  
**Date:** Tue, Apr 3, 2007 9:36 PM  
**Subject:** Comment Letter-Upper Santa Clara River Chloride TMDL

The results of scientific studies to determine appropriate standards for chloride in the Santa Clara River are essential to designating the appropriate chloride level for the Santa Clara River. A proper solution for this watershed can not be formed until all data are available. Please give the Santa Clarita Valley Sanitation District the opportunity to do what's best for the river and the community by restoring the original TMDL schedule to allow for completion of the necessary scientific studies and development of an environmentally sound and cost effective solution.
