

SL-35

**From:** Steve Moore  
**To:** Craig J. Wilson  
**Date:** 6/16/04 3:59PM  
**Subject:** Re-definition of Lower and South SF Bay Segments

Craig:

Region 2 will be making some changes to the size of the impacted area for the 303(d) listings for the San Francisco Bay, Lower and San Francisco Bay, South waterbodies. Specifically, the border between the two bay segments will move south from approximately the San Mateo Bridge to the Dumbarton Bridge to more accurately reflect the accepted definition of the Bay segments. Our GIS analyst, Jeff Kapellas, will send a shapefile of this change to Nancy Richard when he returns to the office on Monday, June 21.

If you have any questions, please contact Jeff when he returns.

Sincerely,

Steven M. Moore, P.E.
