Tom Howard, Executive Director
State Water Resources Control Board (State Water Board)
Tom.Howard@waterboards.ca.gov

Subject: Transmittal of Regional Board Resolution No. R2-2017-0012 Approval of Recommendations for the Federal Clean Water Act Section 303(d) List – San Francisco Bay Region

Dear Mr. Howard:

On December 9, 2016, the San Francisco Bay Regional Water Quality Control Board (Water Board) adopted Resolution No. R2-2017-0012, recommending changes to the 2016 Clean Water Act Section 303(d) List.

The Water Board did not take action on staff's recommended changes to the Clean Water Act Section 305(b) Report or formally adopt the Integrated Report since neither the Clean Water Act nor the State Water Board's Listing Policy requires Regional Water Board approval for these documents. Water Board staff finalized the administrative record for our 2016 Integrated Report and provided the following items to Nicholas Martorano, Supervisor of the State Water Board's Assessment Unit, for inclusion in the State's 2016 Integrated Report:

- Signed Water Board Resolution for approved 303(d) List
- Public hearing notice
- Interested parties e-mail subscription lists (Lyris)
- Written public comments and staff's responses to public comments
- Transcript of the Central Coast Water Board Hearing
- Water Board staff Board Hearing presentation
- Water Board Hearing agenda
- Documents and other "substantial evidence" used to support the Integrated Report (i.e. staff report and attachments)
- CalWQA category reports, comprehensive report, administrative record report, and miscellaneous changes report

Tom Howard

Please contact Richard Looker of my staff if you have any questions at 510-622-2451 or Richard.Looker@waterboards.ca.gov.

Attachments: Resolution No. R2-2017-0012

Sincerely,

Bruce H. Wolfe
Executive Officer
