Surface Water Database site information.

These sites have been surveyed by DPR personnel. Location information was collected in the field. For the two agricultural drains on the Monterey county side of the river, two locations each are indicated. The levee road locations are closest to the river, but access may be limited. Map shows site locations and water bodies.

Name	Description	Position_NAD27 CONUS
BeachStDitch	Ditch along Beach Street. Flows through tide gate to estuary.	N36.86871 W121.81584
NorthDrain-at-Trafton	North (larger) drain at Trafton Rd.	N36.86768 W121.79112
NorthDrain-larger	North drain near levee road.	N36.86671 W121.80106
SouthDrain-at-Trafton	South (smaller) drain at Trafton Rd.	N36.86248 W121.79796
SouthDrain-smaller	South drain near levee road.	N36.86146 W121.79889
