

City of Santa Cruz Water Dept. Temperature Recording Locations

_____2005 Record_____

1) Station SLRUS ("San Lorenzo River Up Stream")

36' Upstream of Tait St. Diversion, on RB, 1' deep, 80% cottonwood canopy cover.

Map Coordinates N 36.99051° - W 122.03063°

2) Station SLRDS ("San Lorenzo River Down Stream")

87' DS of Tait St. diversion on left bank under log jam/scour pool, 1' deep, 80% willow canopy.

Map Coordinates N 36.99030° - W 122.03073°

Station SLRGE ("San Lorenzo River Gorge-Eagle Cr._site also known as Garden of Eden")

3) Upstream 50 yards from the 1st main beach on the right bank below Eagle Creek and above 4 Rock in midchannel boulder cluster; tied to sinker rock and covered with another rock, between 3 boulders in center of stream, under edge of upper boulder, `1' depth; just upstream of two alders and giant boulder above left bank;~300' upstream of main river access trail (trailhead ~1/4 mile downstream along train tracks).

SLRWSt ("San Lorenzo River Water Street")

4) 50' upstream Water St. Bridge (Downtown), under front end of boulder, near left bank, directly in line with pump outflow. Tied to cobble and covered with another cobble; picture taken; flagging tied to adjacent willow.

Map Coordinates N 36.97871° - W 122.02444°

_____2009 Record_____

Zayante Rd. marker 4.72

1) Attached to rootwad on Left bank which is part of large cliff/boulder face. First pool downstream from LWD and across from large (48" DBH Redwood. HOBO

E. Zayante/W. Zayante Bridge

2) 100m upstream of bridge above intersection of West and East Zayante Rd. Attached to Alder branch on Left bank below riffle and slightly upstram of point bar. HOBO

3004 Bean Creek

3) Across from 3004 address immediately before one lane bridge. Attached to root wad under right bank cut, 10m downstream of bridge, straight out from tree closest to channel.HOB

Conference Dr. Pole 12659

4) Conference dr. Across from field house, by telephone pole number 12659. Take trail to right of rope course, has wooden sign on tree for campsite 3. Site is upstream of zipline high above, attached to massive rootwad on right bank. First pool downstream from trail end. HOBO placed 3m from right bank in rootwad, tied to w" branch angled into water. HOBO

1451 Branciforte Dr.

5) Above Delaveaga park across from address 1451. Downstream of path end. 13m downstream of large outcrop in channel. Attached to stick wedged under middle of stream boulder approx. 3 ft round. TIDBIT

Map Coordinates N 37.00587° - W 122.00111°

Market St.

6) Off of access path on Market st. Attached 2m upstream of concrete storm channel on left bank. Zip tied to root emerging from channel with rock for cover. TIDBIT

Map Coordinates N 36.98066° - W 122.01885°
