## Update to the Clean Water Act Section 303(d) List — On Receiving Future Notices —

The accompanying letter from the State Water Resources Control Board describes the first step in the process of updating the Clean Water Act Section 303(d) list [303(d) list] – a request for water quality data. The California Regional Water Quality Control Board, Central Valley Region (Central Valley Water Board) is the lead agency for updating the 303(d) list for surface water in our region.

Since National Pollutant Discharge Elimination System (NPDES) permittees within our region already submit water quality data to the Central Valley Water Board's NPDES Unit, staff is NOT requesting permittees to resubmit water quality data. We are sending this notice to NPDES permittees to bring the current 303(d) listing process to their attention.

We are also aware that some NPDES permittees may have already received copies of the State Water Resources Control Board's *Notice of Public Solicitation* letter that were sent via email and/or via the USPS. We apologize if you have already received a copy of this notice and we appreciate your patience.

We anticipate sending out notices during the 303(d) list update process for any public meetings that will be held and for any documents that will be made available to the public. In order to continue receiving notices regarding the 303(d) list update process, interested parties must notify the Central Valley Regional Board by 1) subscribing to the electronic mailing list **OR** 2) filling out and returning the form below. **NOTE - Persons wishing to subscribe to the electronic mailing list should not submit the form, but instead, should sign up through our website. Please fill out the required information on the following web page and click on the "Subscribe" button on the right side:**

[http://www.waterboards.ca.gov/lyrisforms/reg5\\_subscribe.html](http://www.waterboards.ca.gov/lyrisforms/reg5_subscribe.html)  
(NOTE: Check the box titled "Impaired Waterways 303(d) List")

If you have any questions, please contact Gene Davis at (916) 464-4687 ([gmdavis@waterboards.ca.gov](mailto:gmdavis@waterboards.ca.gov)) or Joe Karkoski at (916) 464-4668 ([jkarkoski@waterboards.ca.gov](mailto:jkarkoski@waterboards.ca.gov)).

Completed forms (for postal subscribers only) should be sent to (see reverse side):

Gene Davis  
California Regional Water Quality Control Board
