**Colorado River Basin Regional Water Quality Control Board**

**TO:** Vicky Whitney, Deputy Director  
**DIVISION OF WATER QUALITY**  
**STATE WATER RESOURCES CONTROL BOARD**

**FROM:** Robert Perdue   
Executive Officer  
**COLORADO RIVER BASIN**  
**REGIONAL WATER QUALITY CONTROL BOARD**

**DATE:** July 8, 2014

**SUBJECT: MINOR, NON-SUBSTANTIVE CHANGES TO THE PROPOSED REVISIONS TO THE CLEAN WATER ACT SECTION 303(d) LIST OF IMPAIRED WATER BODIES ADOPTED UNDER COLORADO RIVER BASIN REGIONAL WATER BOARD RESOLUTION NO. R7-2014-0025**

Regional Board staff identified that a minor change for consistency and clarity is necessary to the proposed revisions to the Clean Water Act section 303(d) List of Impaired Waterbodies associated with the Colorado River Basin Water Board Resolution No. R7-2014-0025, adopted March 20, 2014. The selenium delisting for the Colorado River was mistakenly deleted during the conversion of the document from Microsoft word format to a pdf in Table 1 of the Resolution. Other than the resolution table, this delisting is correctly included in the final staff report, Attachment 4, Attachment 6, Attachment 8, Attachment 9, and the CALWQA database. Attached, please find the underlined language to be added and the final corrected table.

Should you have any questions regarding this matter, please contact Nadim Shukry-Zeywar at (760) 776-8942, or Jeong-Hee Lim at (760) 776-8940.
