## **Executive Summary**

This annual report describes the current status of the storm water management program (SWMP) for the City of Murrieta. This annual report is for reporting period / fiscal year 2004 – 2005 beginning July 1, 2004 through June 30, 2005. Individual sections address the programs implemented to comply with requirements of the municipal separate storm sewer (MS4) Permit issued to the Santa Margarita Watershed Permittees by the San Diego Regional Water Quality Control Board on July 14, 2004. This is the third-term MS4 Permit issued to Riverside County Flood Control and Water Conservation District, the City of Temecula, the City of Murrieta and the County of Riverside.

The format of this annual report is the same as outlined in Section III of the Monitoring and Reporting Program of the MS4 Permit. Information regarding the City of Murrieta's Development Planning program, Construction program, Municipal program, Industrial and Commercial Program and the Residential program, Education program, Illicit Discharge Detection and Elimination Program, and Public Participation in the development of the SWMP are included in this annual report.

The SWMP was completed and submitted to the San Diego Regional Water Quality Control Board on July 13, 2005. Thus the assessment of the individual programs and the overall SWMP will be included in the annual report for reporting period / fiscal year 2005 – 2006.

## **1.0 DEVELOPMENT PLANNING PROGRAM**

### **1) Description of any amendments to the General Plan or the development project approval process:**

**General Plan** – City of Murrieta is in the process of updating the General Plan. This update is expected to be complete by 12/31/05.

**Development Projects** – The water quality management plan (WQMP) also known as Standard Urban Stormwater Management Plan (SUSMP) requirements for all new development and modifications to existing developments have been included in the development plan submittal requirements as of July 1, 2005. WQMP requirements have been included in the submittal requirements for conditional use permits, development plan submittals for residential, industrial and commercial projects, tentative track maps and tentative parcel maps. All applicable development planning projects that did not receive legal approval prior to July 1, 2005 have been required to submit a project-specific WQMP. All applicable development planning projects for which final conditions of approval were issued, are required to include WQMP-like BMPs during the grading plan approval process.

### **2) Number of grading permits issued:**

City of Murrieta issued 161 grading permits between July 1, 2004 and June 30, 2005. A list of the grading permits issued during the reporting period is included in Attachment A.

### **3) Number of developments conditioned to meet SUSMP requirements:**

City of Murrieta conditioned 33 development planning projects during the reporting period. Applicable development planning projects are required to include WQMP-like BMPs during the grading plan approval process.

### **4) Attach one example of a development project that was conditioned to meet SUSMP requirements and a description of the required BMPs:**

Attachment B includes conditions of approval for a development planning project submitted during the reporting year. The conditions of approval were approved and accepted on Sept. 12, 2005 and the WQMP requirement is condition # 81.

**5) Description of any updates to the environmental review process:**

Various checklists for submittal requirements were updated to include the WQMP requirements. The initial study checklist is being revised to include the submittal of a WQMP for applicable projects.

**6) Description and number of municipal employee training efforts conducted during the reporting period:**

a) Training:

Training Topic	Description of Training	Training Date	Number of Attendees
WQMP	Review & approval process	11/10/04	4
		11/15/04	3
		04/27/05	2
		05/04/05	4

b) Summarize any additional education and outreach activities conducted for project applicants, contractors, developers, property owners and / or other responsible parties in support of the Development Planning program:

The City of Murrieta distributed 485 notification letters to architects, engineers, and developers regarding the new WQMP requirements. A notification regarding the new WQMP requirements was also posted at the Planning Counter in City Hall. A copy of this notification letter is included in Attachment C.

**7) An assessment of program effectiveness based on the measurable goals established in the SWMP:**

Not applicable to this annual report. This section will be addressed in the fiscal year 2005 – 2006 annual report.

## 2.0 CONSTRUCTION PROGRAM

**1) Number of inspections conducted:**

City of Murrieta conducted 1,838 inspections between July 1, 2004 and June 30, 2005.

**2) Number and type of enforcement actions related to construction sites:**

Enforcement and Compliance Responses	Private Projects	Public Projects
Written Warning	323	12
Second Written Warning	65	8
Stop Work Notice	38	4
Withhold Certificate of Occupancy	None	-
Code Enforcement Citation	53	2
Notify SDRWQCB	1	-

**3) Description of modifications made to the construction and grading approval process:**

City of Murrieta is amending the current grading ordinance to include the MS4 Permit requirements. An urgency adoption of the revised ordinance is scheduled for November 15, 2005 and will be effective immediately after adoption.

**4) Description and number of municipal employee training efforts conducted during the reporting period:**

a) Training:

Training Topic	Description of Training	Training Date	Number of Attendees
Construction Site Inspections	Erosion & Sediment Control	08/18/04	8
		10/19/04	2
		04/27/05	2
		05/04/05	4

- b) Summarize any additional education and outreach activities conducted for project applicants, contractors, developers, property owners and / or other responsible parties in support of the Construction Program:

City of Murrieta distributed approximately 250 letters to developers, construction site superintendents and engineers notifying them of the annual requirement for implementation of wet-weather BMPs by the 1<sup>st</sup> of October. Year-round implementation and maintenance of the erosion and sediment control at the construction sites was also emphasized in this letter. Attachment D includes a copy of this letter.

**5) An assessment of program effectiveness based on the measurable goals established in the SWMP:**

Not applicable to this annual report. This section will be addressed in the fiscal year 2005 – 2006 annual report.

### 3.0 MUNICIPAL PROGRAM

**1) Number of inspections conducted at existing facilities:**

The existing facilities are maintained on a daily basis and a monthly inspection is conducted by the Maintenance Inspectors.

**2) Number and type of enforcement actions related to municipal facilities:**

Enforcement and Compliance Responses	Number
Education and Information	Provided but not documented
Verbal warning	Provided but not documented
Written warning	None

**3) Number of catch basins and inlets that were inspected and the number that were cleaned:**

	Number Inspected	Number Cleaned
Catch Basins and Inlets	1231	211

**4) Assessment of the amount and type of debris removed from catch basins, streets, and open channels, including an identification of problem area that generate the most pollutants:**

Facility	Type of Debris	Approx. %	Problem Areas that Generate Most Pollutants
<b>Catch Basins</b>	Anthropogenic Litter	<b>50</b>	Commercial areas, residential areas
	Sediment	<b>40</b>	
	Other man-made debris	<b>10</b>	
			<b>Total Removed: 7,400 pounds</b>
<b>Streets</b>	Sediment		<b>Total Removed: 2,597 tons</b>
<b>Open Channels</b>	Anthropogenic Litter	<b>10</b>	<b>Total Removed: Not applicable – open channels maintained by Riverside County Flood Control &amp; Water Conservation District</b>
	Sediment	<b>80</b>	
	Other man-made debris	<b>10</b>	

5) **Assessment of effectiveness of BMPs that have been implemented for municipal facilities and activities:**

<b>BMP Code</b>	<b>Description</b>	<b>Used</b>			<b>Notes</b>
SC-10	Non-Stormwater Discharges	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No	<input type="checkbox"/> N/A	
SC-11	Spill Prevention, Control and Clean-up	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No	<input type="checkbox"/> N/A	
SC-20	Vehicle and Equipment Fueling	<input type="checkbox"/> Yes	<input type="checkbox"/> No	<input checked="" type="checkbox"/> N/A	
SC-21	Vehicle and Equipment Cleaning	<input type="checkbox"/> Yes	<input type="checkbox"/> No	<input checked="" type="checkbox"/> N/A	
SC-22	Vehicle and Equipment Repair	<input type="checkbox"/> Yes	<input type="checkbox"/> No	<input checked="" type="checkbox"/> N/A	
SC-30	Outdoor Loading/Unloading of Materials	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No	<input type="checkbox"/> N/A	
SC-31	Outdoor Liquid Container Storage	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No	<input type="checkbox"/> N/A	
SC-32	Outdoor Equipment Maintenance	<input type="checkbox"/> Yes	<input type="checkbox"/> No	<input checked="" type="checkbox"/> N/A	
SC-33	Outdoor Storage of Raw Materials	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No	<input type="checkbox"/> N/A	
SC-34	Waste Handling and Disposal	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No	<input type="checkbox"/> N/A	
SC-40	Contaminated or Erodible Areas	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No	<input type="checkbox"/> N/A	
SC-41	Building and Grounds Maintenance	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No	<input type="checkbox"/> N/A	
SC-42	Building Repair and Construction	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No	<input type="checkbox"/> N/A	
SC-43	Parking/Storage Area Maintenance	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No	<input type="checkbox"/> N/A	
SC-44	Drainage System Maintenance	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No	<input type="checkbox"/> N/A	
SC-60	Housekeeping Practices	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No	<input type="checkbox"/> N/A	
SC-61	Safe Alternative Products	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No	<input type="checkbox"/> N/A	
SC-70	Road and Street Maintenance	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No	<input type="checkbox"/> N/A	
SC-71	Plaza and Sidewalk Cleaning	<input type="checkbox"/> Yes	<input type="checkbox"/> No	<input checked="" type="checkbox"/> N/A	
SC-72	Fountain and Pool Maintenance	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No	<input type="checkbox"/> N/A	
SC-73	Landscape Maintenance	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No	<input type="checkbox"/> N/A	
SC-74	Drainage System Maintenance	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No	<input type="checkbox"/> N/A	
SC-75	Waste Handling and Disposal	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No	<input type="checkbox"/> N/A	
SC-76	Water and Sewer Utility Maintenance	<input type="checkbox"/> Yes	<input type="checkbox"/> No	<input checked="" type="checkbox"/> N/A	

**6) Description and number of municipal employee training efforts conducted during the reported period:**

a) Training:

Training Topic	Description of Training	Training Date	Number of Attendees
Municipal Facilities & Activities	Operations, Maintenance & Inspections	10/21/04	4
		04/26/05	3
		05/03/05	8

b) Summarize any additional education and outreach activities conducted for municipal staff in support of the Municipal Program:

No additional education and outreach activities were conducted for municipal staff in this reporting year.

**7) An assessment of program effectiveness based on the measurable goals established in the SWMP:**

Not applicable to this annual report. This section will be addressed in the fiscal year 2005 – 2006 annual report.

#### 4.0 INDUSTRIAL / COMMERCIAL PROGRAM

**1) Number of inspections conducted:**

Category	Number of Inspections
<b>Industrial &amp; Commercial Facilities</b>	
High Priority Facilities	51
Medium Priority Facilities	73
Low Priority Facilities	2
<b>Total</b>	<b>126</b>

City of Murrieta utilizes the Compliance Assistance Program (CAP), which generates NPDES survey reports from inspections completed by the County of Riverside Hazardous Materials Department (HMMD) for businesses storing or handling hazardous materials and also from the County of Riverside Department of Environmental Health (DEH) for inspections of food establishments. The number of CAP inspections conducted during the reporting period was 126. The City's Stormwater and Urban Runoff Ordinance has been revised to authorize the inspections of industrial and commercial facilities by City's NPDES inspectors. Number of inspections conducted by City NPDES inspectors will be included in the 2005 – 2006 annual report.

**2) Number and type of enforcement actions related to industrial / commercial facilities:**

Enforcement and Compliance Responses	Number
Education and information	Provided but not documented
Verbal Warning	Provided but not documented
Written Warning	2
Citation	None
Referral to SDRWQCB	None

**3) An assessment of program effectiveness based on the measurable goals established in the SWMP:**

Not applicable to this annual report. This section will be addressed in the fiscal year 2005 – 2006 annual report.

## **5.0 RESIDENTIAL PROGRAM**

**1) A description of residential areas that were focused on during the past year:**

The residential program is a continuation of the construction inspection program that the City currently performs throughout new residential developments. All new residential projects, before being accepted for maintenance by the City, are required to submit a video tape inspection of the storm drain and drainage system, ensuring no illicit connections or points of discharge. This process is a good precautionary step for the City involving new residential developments. Existing residential developments are normally only inspected by City personnel as they pass through the different areas as part of their daily trips to other sites.

**2) Number and type of enforcement actions taken:**

<b>Enforcement and Compliance Responses</b>	<b>Number</b>
Education and information	Provided but not documented
Verbal Warning	Provided but not documented
Written Warning	3
Citation	1

**3) An assessment of program effectiveness based on the measurable goals established in the SWMP:**

Not applicable to this annual report. This section will be addressed in the fiscal year 2005 – 2006 annual report.

## 6.0 EDUCATION PROGRAM

### 1) Description of education efforts conducted by the Permittee (not collectively with other Permittees) during the previous year:

Audience	Measures
Permittee Departments and Personnel	Number of Permittee employees trained for: <ul style="list-style-type: none"> <li>• Construction Inspection: <b>16</b></li> <li>• Industrial/Commercial Inspection: <b>1</b></li> <li>• Municipal Facilities and Activities: <b>15</b></li> <li>• Development Planning: <b>13</b></li> </ul>
Construction Site Owners and Developers	Outreach events conducted: <b>None</b>
Industrial/ Commercial Owners and Operators	Industrial/Commercial outreach events conducted: <b>None</b>
Residential Community, General Public, Other Public Agencies and Students	Number of Media Impressions in: <ul style="list-style-type: none"> <li>• Newspaper: <b>Not Applicable</b></li> <li>• Mailings: <b>485 (Architects, Engineers &amp; Developers); 250 (Site Owners, Project Managers, &amp; Field Superintendents); 738 (Business Owners / Operators)</b></li> <li>• Radio/TV: <b>Not Applicable</b></li> <li>• Billboards: <b>Not Applicable</b></li> <li>• Brochures: <b>Distributed but not documented</b></li> </ul> Number of classroom presentations: Public Education events conducted: <b>City of Murrieta's Birthday Bash; SMR Watershed Cleanup; Spring Downtown Cleanup &amp; Household Hazardous Waste Roundup.</b>

### 2) An assessment of program effectiveness based on the measurable goals established in the SWMP:

Not applicable to this annual report. This section will be addressed in the fiscal year 2005 – 2006 annual report.

## **7.0 ILLICIT DISCHARGE DETECTION AND ELIMINATION PROGRAM**

**1) Number of illicit discharges, connections and spills reported and / or identified during the reporting period:**

Code Enforcement received 99 NPDES related calls-for-service during the reporting period. The nature of the calls is currently not being tracked. The Code Enforcement officer does address the concern either by a follow-up telephone call or a site visit. In the event of an illegal discharge from a construction site, the Public Works inspectors were also notified.

**2) Number of illicit discharges or connections investigated during the reporting period and the outcome of the investigations:**

All of the NPDES related calls-for-service were addressed. During the site visit regarding the illegal discharges, either the specific source of the illegal discharge could not be determined or there was no evidence of the illegal discharge. There were instances when calls-for-service were due to disputes between private property owners / occupants.

**3) Number and types of enforcement actions taken for illicit discharges or connections during the reporting period:**

The current tracking system to determine the nature of the calls-for-service is being revised. An accurate number and type of enforcement action taken for illicit discharges or connections will be tracked and including in the 2005 – 2006 annual report.

**4) Number of times City Hall was notified (e-mails, calls, etc.) during the reporting period, as compared to previous reporting periods:**

	Number of Calls	
	2003-04	2004-05
NPDES related calls-for-service	60	99

**5) Number and location of dry weather monitoring sites that were monitored during the reporting period:**

Number of Site(s):     **2**

Location(s):           **Empire Creek and California Oaks Channel**

**6) Summary of Illicit Discharge Monitoring Program results, including: 1) All inspection, field screening, and analytical monitoring results; 2) All follow-up and elimination activities; and 3) Any proposed changes to station locations and / or sampling frequencies:**

<b>Date</b>	<b>Location</b>	<b>Monitoring Results</b>	<b>Follow-up and Elimination Activities</b>	<b>Proposed Changes</b>
August – September 2004	Empire Creek & California Oaks Channel	No indications of illicit discharges	None	None
May – June 2005	Empire Creek & California Oaks Channel	No indications of illicit discharges	None	None

**7) An assessment of program effectiveness based on the measurable goals established in the SWMP:**

Not applicable to this annual report. This section will be addressed in the fiscal year 2005 – 2006 annual report.

## **8.0 PUBLIC PARTICIPATION**

### **1) A description of efforts to include public in urban runoff management programs during the reporting period:**

The residents of Murrieta and Temecula participated in the annual Santa Margarita Watershed Cleanup. Flyers of the cleanup activity were available at City Hall as well as through various non-profit organizations, such as the local Rotary Clubs. The public was also included in the 30-day review & comment period for the City of Murrieta's SWMP as well as the Watershed Drainage Area Management Plan (DAMP). An advertisement in the local newspaper was posted in the local newspapers of the 30-day review and comment period and of the public workshop held on June 8, 2005 at the City of Murrieta's Council Chambers. The Watershed DAMP and the City's SWMP were posted on the City's webpage throughout and beyond the 30-day comment period.

## **9.0 ASSESSMENT OF PROGRAM EFFECTIVENESS**

Not applicable to this annual report. This section will be addressed in the 2005 – 2006 annual report.

## 10.0 FISCAL ANALYSIS

- 1) **A summary of the reporting period's expenditures and an estimated budget for the upcoming reporting period.**

Program Element	Fiscal Year 2004 - 2005		Fiscal Year 2005 - 2006	
	Capital Expenditures	O&M / Admin Expenditure	Capital Expenditures	O&M / Admin Expenditure
Program Management	-	\$77,621	-	\$79,949
Annual Fee for MS4 NPDES Permit	-	\$7,458	-	\$15,000
Implementation Agreement Shared Cost	-	\$120,561	-	\$120,561
Construction Inspections	-	\$80,000	-	\$85,000
Development Planning	-	\$5,000	-	\$15,000
Industrial and Commercial Inspections	-	\$5,000	-	\$15,000
Illicit Connections & Illegal Discharges Program	\$3,000	\$10,000	-	\$10,000
Municipal Facilities and Activities		\$664,419	-	\$786,248
Public Education & Outreach	-	Included in Implementation Agreement	-	Included in Implementation Agreement
Monitoring Program	-		-	
Other (training, promotional supplies, vehicle, etc.)	-	\$8,913	-	\$15,131
<b>TOTAL =</b>	<b>\$3,000</b>	<b>\$970,059</b>	<b>\$0</b>	<b>\$1,126,758</b>

- 2) **A description of the source(s) of funds that were utilized during the previous fiscal year and the source(s) of funds proposed to meet the necessary expenditures for the subsequent year, including legal restrictions on the use of such funds:**

Source of Funds	Percent of Total Program Funding
County Service Area (CSA) 152	27%
General Fund	73%

## 11.0 NON-STORM WATER DISCHARGES

Permittees shall report on any discharge category listed in Requirement B.2 of Order No. R9-2004-001 that was identified as a source of pollutants during the reporting period. For each identified category, the Permittee shall report whether it elected to prohibit the discharge or to require BMPs to reduce pollutants in the discharge to the MEP. If the discharge is not prohibited, the BMPs that will be implemented, or required to be implemented, shall be described in each Annual Report.

Category	Prohibited	BMP to be Implemented
Diverted stream flows	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	Not Applicable
Rising ground waters	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	Not Applicable
Uncontaminated ground water infiltration [as defined at 40 CFR 35.2005(20)] to MS4s	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	Not Applicable
Uncontaminated pumped ground water	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	Analyze water sample for total suspended solids, specific conductance, semi-volatiles and volatiles by EPA method's 624 & 625.
Foundation drains	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	Not Applicable
Springs	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	Not Applicable
Water from crawl space pumps (identified as a source of pollutant at a construction site)	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	Filtered prior to pumped into a catch basin
Footing drains	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	Not Applicable
Air conditioning condensation	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	Not Applicable
Flows from riparian habitats and wetlands	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	Not Applicable
Water line flushing (identified as a source of pollutant at a construction site)	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	Filtered prior to pumped into a catch basin
Landscape irrigation	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	Not Applicable
Discharges from potable water sources not subject to NPDES Permit No. CAG679001, other than water main breaks (identified as a source of pollutant at a construction site)	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	Filtered prior to pumped into a catch basin
Irrigation water	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	Not Applicable
Lawn watering	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	Not Applicable
Individual residential car washing	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	Not Applicable
Non-emergency fire fighting flows	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	Not Applicable

Dechlorinated swimming pool discharges	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	Not Applicable
--	---	----------------

## **12.0 RECEIVING WATER LIMITATIONS**

**This section includes the report required pursuant to Requirement C.2.a of Order No. R9-2004-001, if applicable. Requirement C.2.a. states:**

**“Upon a determination by either a Permittee or the SDRWQCB that MS4 discharges are causing or contributing to an exceedance of an applicable water quality standard, the Permittee shall promptly notify and thereafter submit a report to the SDRWQCB that describes BMPs that are currently being implemented and additional BMPs that will be implemented to prevent or reduce any pollutants that are causing or contributing to the exceedance of water quality standards. The report may be incorporated in the SWMP Annual Report unless the SDRWQCB directs an earlier submittal. The report shall include an implementation schedule. The SDRWQCB may require modifications to the report.”**

This section does not apply to this reporting period as there have been no indications of exceedances to applicable water quality standards established in this area.

## **13.0 SUMMARY OF ADDITIONAL URBAN RUNOFF DATA**

**This section is a summary of all urban runoff related data not included in the annual monitoring report (e.g., special investigations).**

Additional data was not generated during this reporting period by the City of Murrieta.

## **14.0 PROPOSED REVISIONS TO THE SWMP**

**This section includes proposed revisions to the Individual SWMP, including areas in need of improvement based on the assessment of effectiveness of each program component.**

City of Murrieta's SWMP will be revised to include the amended grading ordinance. Revisions, if necessary, to each program component will be included in the 2005 – 2006 annual report once the SWMP is implemented in its entirety.
