SCCRWP

State Board's database update (Adam Morrill, 15 minutes)

State Board's perspective on developed guidance (Craig J. Wilson, 15 minutes)

Review of 303(d) listing protocol write-up for listing (Jack Petralia)

Issues re de-listing (Steve Weisberg)

Testing the usefulness of the developed guidance using 2002 303(d) list recommendations (Craig Wilson)

Future of document/reporting to BWQW (group)

Set agenda and date for September meeting (week of 16th best, OK 9th and 23rd) (18th SCCWRP conference room not available)

Charles Kovatch from EPA HQ has requested a meeting in September. He would like to discuss our beach program, data collection, data reporting (database, data transfer), the EPA grant program (National Grant Program recap and Cal Grant Program progress), and the National and state performance measures or goals (we talked briefly about this last year, but a year has passed and Charles would like to get our latest perspective).
