## **SUMMARY**

A Draft EIR/EIS was released for public comment and the Notice of Completion filed on July 31, 1996. Notice of the Draft EIS was published in the Federal Register on August 16, 1996. One hundred and thirty eight response letters were received, of which 132 were received prior to the close of the comment period on October 7, 1996. In addition, a public hearing was held before the Santa Rosa City Council, the Board of Public Utilities, and the U.S. Army Corps of Engineers, at which 68 members of the public presented comments on the Draft EIR/EIS. A complete account of these comments and the lead agency responses are included in this Final EIR. This information is presented in the individual responses and Draft EIR/EIS replacement pages. Additional appendices are also included.
