

PUBLIC COMMENTOR 259 - OLIVIA WALTER, SEPTEMBER 24, 1996

342

Hello. I live on 18348 Neeley Road in Guerneville, and I don't feel good about this sewage in the river, and so I decided to write a speech about this. Sort of -- I sort of feel that the Russian River should have a right to stay clean, because I have known the Russian River so long that I just don't feel right about this. The Russian River could use some fresh water and respect, and has no right to be -- to have more sewage running through it. Of course, some people want it that way but I feel that it's just money going down the drain. I definitely hope we can have enough clear water to feel -- to feed all of our living trees. Some day I hope we will not have sewage running through our rivers.

Thank you. |

Mayor Wright:

Thanks, Olivia. Ben Marchand.
