

Santa Rosa Subregional Long-Term Wastewater Project

DRAFT EIR/EIS COMMENT FORM

DUE OCTOBER 7, 1996 4:30 PM

Name: Lawrence Leo Shurtliff
 Address: 2331 Chileno Valley Rd.
 City: Petaluma State: Ca Zip: 94952
 Phone: 707 762-3626

Date: 9/30/96
CITY OF SANTA ROSA
 P.O. Box 1678
 Santa Rosa, CA 95402

OCT 04 1996

DEPARTMENT OF
COMMUNITY DEVELOPMENT

How to use:

Please fill out the above and provide your written comments about the Draft EIR/EIS in the space provided below. You may add additional pages if needed. Please write legibly. If you prefer to type your comments on a separate page, please attach to this form. Where possible, please reference the page to which the comment refers. When you have completed your comments, please fold the form so the City's address is showing, tape the edges together, (Do not use staples), and place in the mail.

- ① The Present eir/eis suggesting up to a 20% flow of the Russian River could become discharged wastewater, and our ditches in Heald County could be subject to condemnation and flooded forever beneath any one of five wastewater dam sites proposed for our beautiful oak Valley surrounding Two Rock, Bloomfield and Valley Ford. The pending outcome of the wastewater issue determines the health and integrity of the Russian River as well as putting whole water dam sites across our remaining open spaces. 001
- ② The C.W. Rom costs 120⁰⁰ and is incomplete by two books. 002
- ③ I am opposed to the new City-decided irrigation management strategy, which sounds like Big Brother, and police telling property owners what where and when they can move water. 003

irrigation, also they can come on our land any time they choose! It has ever happened to Private Property!

- ④ *EIR/EIS does not accurately address the environmental costs, Time line of 2010 is just 14 years from now just how long do you think it will take for our 32 foot Well to be contaminated. No West County Wastewater Reuse.*
- Lawrence L. Shanduff*
