## NOTICE OF PUBLIC WORKSHOPS

### REVISION TO FEDERAL CLEAN WATER ACT SECTION 303(d) LIST OF WATER QUALITY LIMITED SEGMENTS FOR CALIFORNIA

**Thursday, December 1, 2005 - 10:00 a.m.**

Hilton Pasadena Hotel  
168 South Los Robles Avenue  
Pasadena, CA

And

**Tuesday, December 6, 2005 - 10:00 a.m.**

State Water Resources Control Board  
Sierra Hearing Room – Second Floor  
Joe Serna, Jr. Cal/EPA Headquarters Building  
1001 I Street, Sacramento, CA

**NOTICE IS HEREBY GIVEN** that public workshops will be held by the State Water Resources Control Board (State Water Board) to seek comments on proposed revisions of the federal Clean Water Act (CWA) section 303(d) list [section 303(d) list] of water quality limited segments for California. The Board will not make any decision regarding the section 303(d) list at the workshops. The section 303(d) list will be considered for adoption at a future State Water Board meeting.

The workshop(s) will focus on the revisions to the section 303(d) list on a regional basis, as follows:

December 1—Los Angeles, Lahontan, Colorado River Basin, Santa Ana, and San Diego regions  
December 6—North Coast, San Francisco Bay, Central Coast, Central Valley, and Lahontan regions

While each workshop is focused on specific proposals, comments on any aspect of the proposed revised statewide section 303(d) list will be accepted at either of the two workshops.

*California Environmental Protection Agency*

Recycled Paper

## **BACKGROUND**

Section 303(d) of the CWA requires states to identify waters that do not meet applicable water quality standards with technology-based controls alone. Applicable standards include the designated beneficial uses, the adopted water quality objectives, and the State's antidegradation policy. The section 303(d) list must include the water quality limited segments, associated pollutants, and a priority ranking of the waters for purposes of developing Total Maximum Daily Loads (TMDLs) in the next two years. A TMDL is the maximum load of a pollutant that can be discharged from point and nonpoint sources without exceeding water quality standards. States are required to submit the section 303(d) list and TMDL priorities to the U.S. Environmental Protection Agency (USEPA) for approval. The 2006 section 303(d) list is due to USEPA by April 2006.

## **DEVELOPMENT OF THE 2006 SECTION 303(d) LIST**

The State Water Board staff solicited, assembled, and considered all readily available data and information. A public solicitation of data and information from State and federal agencies, and from other interested parties, was begun in April 2004. This public data solicitation was concluded in June 2004. The data received generally covered the period of 2001 to early 2004. Some data were submitted that addressed pre-2002 listings. Data (through March 2005) from the Surface Water Ambient Monitoring Program (SWAMP) were included in the record. Other sources of data and information that became readily available to State Water Board staff were also included in the administrative record.

All data and information was reviewed using the listing and delisting factors in the *Water Quality Control Policy for Developing California's Clean Water Act Section 303(d) List* (Listing Policy). The Listing Policy identifies the process by which the State Water Board and the Regional Water Quality Control Boards will comply with the listing requirements of CWA Section 303(d). The Listing Policy became effective in December 2004. The Listing Policy was used to make listing/delisting recommendations, which are summarized in fact sheets developed by State Water Board staff. In general, fact sheets were developed for all waters and pollutants where water quality standards were not attained.

A draft Staff Report (report) has been developed documenting recommendations for additions, deletions, and changes to the 2002 California section 303(d) list. Recommendations are also made for when TMDLs will be completed. The report provides a summary of list changes and the State Water Board staff analysis of data and information. Two additional staff reports were also developed for waters and pollutants where the recommendations were "Do Not List" or "Do Not Delist."

**AVAILABILITY OF THE DRAFT STAFF REPORTS ON REVISION OF THE SECTION 303(d) LIST**

The draft Staff Reports supporting the revision of the section 303(d) list are posted on the State Water Board Web site at [http://www.waterboards.ca.gov/tmdl/303d\\_update.html](http://www.waterboards.ca.gov/tmdl/303d_update.html). You may also receive a copy on CD-R of the draft Staff Reports by contacting:

Dorena Goding  
Water Quality Assessment Unit  
Division of Water Quality  
State Water Resources Control Board  
P.O. Box 100  
Sacramento, CA 95812-0100  
916-341-5596  
FAX: (916) 341-5550  
Email: [dgoding@waterboards.ca.gov](mailto:dgoding@waterboards.ca.gov)

**SUBMISSION OF COMMENTS**

The State Water Board encourages that all comments on the proposed changes to the section 303(d) list be submitted by email, mail, or fax, postmarked no later than 5:00 p.m., December 6, 2005. Time limitations on presentations may be imposed. The State Water Board requests that oral testimony be summarized. Persons with similar views are encouraged to make joint presentations. All comments received will be considered by the State Water Board before considering adoption of a revised section 303(d) list.

Written comments should be submitted to:

Craig J. Wilson, Chief  
Water Quality Assessment Unit  
Division of Water Quality  
State Water Resources Control Board  
P.O. Box 100  
Sacramento, CA 95812-0100  
FAX: (916) 341-5550  
Email: [cjwilson@waterboards.ca.gov](mailto:cjwilson@waterboards.ca.gov)

**COURT REPORTER**

A court reporter will record all the oral comments made during the public workshop(s). Persons who desire a copy of the workshop transcript must make their own arrangements with the court reporter.

**PARKING AND ACCESSIBILITY**

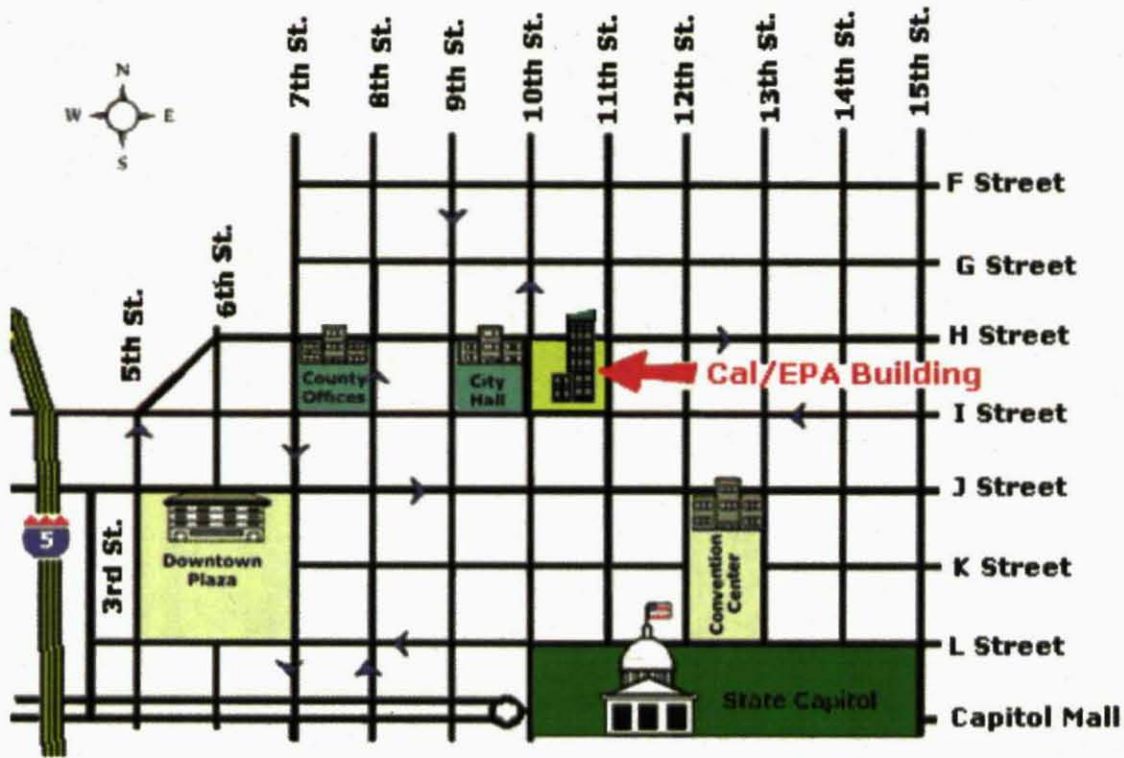

The enclosed maps show the locations of the workshops.

- **December 1, 2005 Pasadena Workshop.** Hotel parking is available at a fee of \$10 for self-parking. Alternative public parking is available. The City of Pasadena operates three parking structures with over 2,500 parking spaces that serve the mixed-use urban village known as the Paseo Colorado. These parking structures are relatively close (within ten to fifteen minute walk) to the Hilton Pasadena Hotel. The **Los Robles Parking Structure** is located at 400 East Green Street (on the southwest corner of Los Robles and Green) and is accessible from Green Street and Los Robles Avenue. The **Marengo Parking Structure** is located at 155 East Green Street (on the northwest corner of Marengo and Green) and is accessible from Marengo Avenue, Green Street, and Arroyo Parkway. The **Paseo Colorado Subterranean Structure** is located at 300 East Colorado Boulevard (between Marengo and Los Robles) and can be accessed from Colorado Boulevard and Green Street. All these parking structures are open 7 days a week with a daily maximum of \$6. Additional information can be found at [http://www.ci.pasadena.ca.us/trans/parking/pkng\\_locs.asp](http://www.ci.pasadena.ca.us/trans/parking/pkng_locs.asp).
- **December 6, 2005 Sacramento Workshop.** There is a parking garage across the street from the building with entrances on 10<sup>th</sup> and 11<sup>th</sup> Streets between "I" and "J" Streets, and there are metered parking spaces in the vicinity of the building. Both facilities are accessible to persons with disabilities. Individuals who require special accommodations are requested to contact Adrian Perez, at (916) 341-5880, at least five working days prior to the public hearing date. Persons with hearing or speech impairments can contact us by using the California Relay Service TDD. TDD (Telecommunications Device for the Deaf) is reachable only from phones equipped with a TDD Device. HEARING IMPAIRED RELAY SERVICE: TDD to voice 1-800-735-2929, Voice to TDD 1-800-735-2922.

All visitors are required to sign in and receive a badge prior to attending any meetings in the Cal/EPA building. The Visitor and Environmental Services Center is located just inside and to the left of the Cal/EPA Building's public entrance. Valid picture identification may be required due to the security level. Please allow up to 15 minutes for receiving clearance to proceed to the Sierra Hearing Room

  
Debbie Irvin  
Clerk to the Board

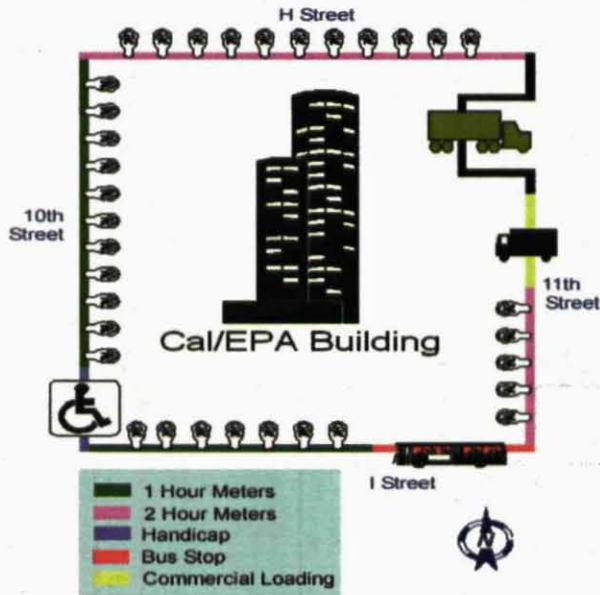

SEP 30 2005  
\_\_\_\_\_  
Date

**Parking**

Metered Parking (1, 2, and 10-hour meters) is available around the building. Meter parking uses quarters (some meters may use special "debit cards").

Parking lots are also available in several nearby locations. The closest lot is across from the building on 10th & I Street.

**Public Workshop for Revisions to  
California's  
Clean Water Act Section 303(d) List  
of Water Quality Limited Segments**

**December 6, 2005      10:00am**  
**Where: Sacramento, CA**

Public Workshop for Revisions to California's  
Clean Water Act Section 303(d) List  
of Water Quality Limited Segments

When  
December 1, 2005

Where  
Hilton Hotel  
Pasadena, CA

## Meeting Detail

### Room Reservation

Status: Approved

Your Room Reservation request has been approved.

Requested On: 8/10/2004 4:16 PM

Building: Cal/EPA Headquarters

Room: Sierra Hearing Room

Date: 12/6/2005

Reservation Start Time: 7:00 AM Meeting Start Time: 10:00 AM

Reservation End Time: 7:00 PM

Meeting Title: SWRCB Board Workshop (Business Related)

Description:

Primary Coordinator: Debbie Irvin of SWRCB

Phone Number: (916) 341-5600

E-Mail Address: DIrvin@waterboards.ca.gov

Backup Coordinator: Erin Saenz of SWRCB

Additional Information:

Notes to Room Admin:

*OK*  
*[Signature]*  
*9/29/05*

### Webcast Request Options

Status: Approved

Your Webcast Reservation request has been approved.

EPANet Webcast: Audio

Webcast To: All BDOs

Public Webcast: Audio

Webcast Start Time: 10:00 AM

Webcast End Time: 7:00 PM

More Info Web Link:

Notes to Webcast Admin:

### Record Request Options

If you have a business need to record your meeting, this room is equipped for audio and/or video recording.

Record Meeting: Audio Only (on tape)

Reason for Recording

**Meeting:**

Staff receiving recording:

 **Public Event Announcement Request Options****Status: Approved****Your Public Event Reservation request has been approved.**

Selection: Yes

Meeting Start Time: 10:00 AM

Title: SWRCB Board Workshop

Description:

 **Audio Teleconferencing Options**

Audio Teleconferencing, also know as teleconferencing (without video), allows participation from people not physically in the meeting room. This function can be very beneficial when set up and used properly. Contact your BDO's telephone management staff for assistance setting up the audio conference bridge.

**Two Way** (The caller/s can actively participate) **Presentation Input Options**

Various audio and video input sources are available to staff. If staff have questions about these options or if you need additional services (including: WiFi Access, special camera placement, etc.) contact the Audio Video Control Room at (916) 327-5625.

 Use a Computer for Presentation Use the Overhead  
Projector Play videotape Use a Wireless Mouse and Keyboard Hearing Assistive  
Device Play a Cassette  
Tape Use a Computer for receiving remote  
audience input **Microphone Setup Options**

Microphones are prewired and permanent at the dais, staff desks and podium. Additional microphones may be available. If you need microphones, contact the Audio Video/Control Room at (916)327-5625 at least 5 working days before the event.

 **Seating Arrangements/Table Availability**

In the event staff is expecting a crowd larger than the rated capacity of a given room, the audio and video signals may be sent to an 'overflow' room. To determine if this is possible, staff must contact Audio/Video Control Room at (916) 327-5625 at least 10 working days before the event.

Seating arrangements are the responsibility of staff using the room. Staff are required to return the seating to the standard furniture configurations.

Generally speaking, there are 12 folding tables available in both the Sierra and Coastal Hearing Rooms. If more than 12 tables are needed, staff will need to make arrangements through the

property management office at (916) 551-1449.

I understand it is the responsibility of staff to return the hearing rooms to the standard furniture configuration..

### Fire-Life-Safety Announcement

Meeting leaders are responsible for the safety of the people attending a public meeting. Meeting leaders must also ensure that meeting attendees know what to do in the event of an emergency. For your convenience announcement text is available at the link below. In meetings where the attendees include people who do not work in this building, please read this statement at the beginning of each meeting, or at the beginning of each day of multi-day meetings. If you are not the meeting leader, as a room requestor, you are responsible to make sure that meeting leaders are given this information.

I have read and understand the fire-life-safety announcement responsibilities.

### Special Services

It is possible that a meeting conducted away from the Cal/EPA Headquarters Building could be Webcast via the Webcast equipment within the Cal/EPA Headquarters Building. It is also possible to provide fully interactive video conferencing. Contact your BDO's telephone management staff for assistance. These special services require additional set up time as well as added physical and staff resources. These services, in conjunction with appropriate BDO staff and proper planning, can be of great value to the BDO staff and even the regulated community. Their use should be considered carefully.

## NOTICE OF PUBLIC WORKSHOPS

### REVISION TO FEDERAL CLEAN WATER ACT SECTION 303(d) LIST OF WATER QUALITY LIMITED SEGMENTS FOR CALIFORNIA

**Thursday, December 1, 2005 - 10:00 a.m.**

Hilton Pasadena Hotel  
168 South Los Robles Avenue  
Pasadena, CA

And

**Tuesday, December 6, 2005 - 10:00 a.m.**

State Water Resources Control Board  
Sierra Hearing Room – Second Floor  
Joe Serna, Jr. Cal/EPA Headquarters Building  
1001 I Street, Sacramento, CA

**NOTICE IS HEREBY GIVEN** that public workshops will be held by the State Water Resources Control Board (State Water Board) to seek comments on proposed revisions of the federal Clean Water Act (CWA) section 303(d) list [section 303(d) list] of water quality limited segments for California. The Board will not make any decision regarding the section 303(d) list at the workshops. The section 303(d) list will be considered for adoption at a future State Water Board meeting.

The workshop(s) will focus on the revisions to the section 303(d) list on a regional basis, as follows:

December 1—Los Angeles, Lahontan, Colorado River Basin, Santa Ana, and San Diego regions  
December 6—North Coast, San Francisco Bay, Central Coast, Central Valley, and Lahontan regions

While each workshop is focused on specific proposals, comments on any aspect of the proposed revised statewide section 303(d) list will be accepted at either of the two workshops.

**California Environmental Protection Agency**

Recycled Paper

## **BACKGROUND**

Section 303(d) of the CWA requires states to identify waters that do not meet applicable water quality standards with technology-based controls alone. Applicable standards include the designated beneficial uses, the adopted water quality objectives, and the State's antidegradation policy. The section 303(d) list must include the water quality limited segments, associated pollutants, and a priority ranking of the waters for purposes of developing Total Maximum Daily Loads (TMDLs) in the next two years. A TMDL is the maximum load of a pollutant that can be discharged from point and nonpoint sources without exceeding water quality standards. States are required to submit the section 303(d) list and TMDL priorities to the U.S. Environmental Protection Agency (USEPA) for approval. The 2006 section 303(d) list is due to USEPA by April 2006.

## **DEVELOPMENT OF THE 2006 SECTION 303(d) LIST**

The State Water Board staff solicited, assembled, and considered all readily available data and information. A public solicitation of data and information from State and federal agencies, and from other interested parties, was begun in April 2004. This public data solicitation was concluded in June 2004. The data received generally covered the period of 2001 to early 2004. Some data were submitted that addressed pre-2002 listings. Data (through March 2005) from the Surface Water Ambient Monitoring Program (SWAMP) were included in the record. Other sources of data and information that became readily available to State Water Board staff were also included in the administrative record.

All data and information was reviewed using the listing and delisting factors in the *Water Quality Control Policy for Developing California's Clean Water Act Section 303(d) List* (Listing Policy). The Listing Policy identifies the process by which State Water Board and the Regional Water Quality Control Boards will comply with the listing requirements of CWA Section 303(d). The Listing Policy became effective in December 2004. The Listing Policy was used to make listing/delisting recommendations, which are summarized in fact sheets developed by State Water Board staff. In general, fact sheets were developed for all waters and pollutants where water quality standards were not attained.

A draft Staff Report (report) has been developed documenting recommendations for additions, deletions, and changes to the 2002 California section 303(d) list. Recommendations are also made for when TMDLs will be completed. The report provides a summary of list changes and the State Water Board staff analysis of data and information. Two additional staff reports were also developed for waters and pollutants where the recommendations were "Do Not List" or "Do Not Delist."

**AVAILABILITY OF THE DRAFT STAFF REPORTS ON REVISION OF THE SECTION 303(d) LIST**

The draft Staff Reports supporting the revision of the section 303(d) list are posted on the State Water Board Web site at [http://www.waterboards.ca.gov/tmdl/303d\\_update.html](http://www.waterboards.ca.gov/tmdl/303d_update.html). You may also receive a copy on CD-R of the draft Staff Reports by contacting:

Dorena Goding  
Water Quality Assessment Unit  
Division of Water Quality  
State Water Resources Control Board  
P.O. Box 100  
Sacramento, CA 95812-0100  
916-341-5596  
FAX: (916) 341-5550  
Email: [dgoding@waterboards.ca.gov](mailto:dgoding@waterboards.ca.gov)

NOV 2 2005  
*[Handwritten signature]*

**SUBMISSION OF COMMENTS**

The State Water Board encourages that all comments on the proposed changes to the section 303(d) list be submitted by email, mail, or fax, postmarked no later than 5:00 p.m., December 6, 2005. Time limitations on presentations may be imposed. The State Water Board requests that oral testimony be summarized. Persons with similar views are encouraged to make joint presentations. All comments received will be considered by the State Water Board before considering adoption of a revised section 303(d) list.

Written comments should be submitted to:

Craig J. Wilson, Chief  
Water Quality Assessment Unit  
Division of Water Quality  
State Water Resources Control Board  
P.O. Box 100  
Sacramento, CA 95812-0100  
FAX: (916) 341-5550  
Email: [cjwilson@waterboards.ca.gov](mailto:cjwilson@waterboards.ca.gov)

**COURT REPORTER**

A court reporter will record all the oral comments made during the public workshop(s). Persons who desire a copy of the workshop transcript must make their own arrangements with the court reporter.

**PARKING AND ACCESSIBILITY**

The enclosed maps show the locations of the workshops.

- **December 1, 2005 Pasadena Workshop.** Hotel parking is available at a fee of \$10 for self-parking. Alternative public parking is available. The City of Pasadena operates three parking structures with over 2,500 parking spaces that serve the mixed-use urban village known as the Paseo Colorado. These parking structures are relatively close (within ten to fifteen minute walk) to the Hilton Pasadena Hotel. The **Los Robles Parking Structure** is located at 400 East Green Street (on the southwest corner of Los Robles and Green) and is accessible from Green Street and Los Robles Avenue. The **Marengo Parking Structure** is located at 155 East Green Street (on the northwest corner of Marengo and Green) and is accessible from Marengo Avenue, Green Street, and Arroyo Parkway. The **Paseo Colorado Subterranean Structure** is located at 300 East Colorado Boulevard (between Marengo and Los Robles) and can be accessed from Colorado Boulevard and Green Street. All these parking structures are open 7 days a week with a daily maximum of \$6. Additional information can be found at [http://www.ci.pasadena.ca.us/trans/parking/pkng\\_locs.asp](http://www.ci.pasadena.ca.us/trans/parking/pkng_locs.asp).
- **December 6, 2005 Sacramento Workshop.** There is a parking garage across the street from the building with entrances on 10<sup>th</sup> and 11<sup>th</sup> Streets between "I" and "J" Streets, and there are metered parking spaces in the vicinity of the building. Both facilities are accessible to persons with disabilities. Individuals who require special accommodations are requested to contact Adrian Perez, at (916) 341-5880, at least five working days prior to the public hearing date. Persons with hearing or speech impairments can contact us by using the California Relay Service TDD. TDD (Telecommunications Device for the Deaf) is reachable only from phones equipped with a TDD Device. HEARING IMPAIRED RELAY SERVICE: TDD to voice 1-800-735-2929, Voice to TDD 1-800-735-2922.

*Cal/EPA*  
← All visitors are required to sign in and receive a badge prior to attending any meetings in the building. The Visitor and Environmental Services Center is located just inside and to the left of the Cal/EPA Building's public entrance. Valid picture identification may be required due to the security level. Please allow up to 15 minutes for receiving clearance to proceed to the Sierra Hearing Room

## BACKGROUND

Section 303(d) of the CWA requires states to identify waters that do not meet applicable water quality standards with technology-based controls alone. Applicable standards include the designated beneficial uses, the adopted water quality objectives, and the State's antidegradation policy. The section 303(d) list must include the water quality limited segments, associated pollutants, and a priority ranking of the waters for purposes of developing Total Maximum Daily Loads (TMDLs) in the next two years. A TMDL is the maximum load of a pollutant that can be discharged from point and nonpoint sources without exceeding water quality standards. States are required to submit the section 303(d) list and TMDL priorities to the U.S. Environmental Protection Agency (USEPA) for approval. The 2006 section 303(d) list is due to USEPA by April 2006.

## DEVELOPMENT OF THE 2006 SECTION 303(d) LIST

The State Water Board staff solicited, assembled, and considered all readily available data and information. A public solicitation of data and information from State and federal agencies, and from other interested parties, was begun in April 2004. This public data solicitation was concluded in June 2004. The data received generally covered the period of 2001 to early 2004. Some data were submitted that addressed pre-2002 listings. Data (through March 2005) from the Surface Water Ambient Monitoring Program ~~State Water Board~~ were included in the record. Other sources of data and information that became readily available to State Water Board staff were also included in the administrative record.

(SWAMP) ✓  
✓  
All data and information was reviewed using the listing and delisting <sup>factor</sup> in the *Water Quality Control Policy for Developing California's Clean Water Act Section 303(d) List* (Listing Policy). The Listing Policy identifies the process by which State Water Board and the Regional Water Quality Control Board <sup>s</sup> will comply with the listing requirements of CWA Section 303(d). The Listing Policy became effective in December 2004. The Listing Policy was used to make listing/delisting recommendations, which are summarized in fact sheets developed by State Water Board staff. In general, fact sheets were developed for all waters and pollutants where water quality standards were not attained.

A draft Staff Report (report) has been developed documenting recommendations for additions, deletions, and changes to the 2002 California section 303(d) list. Recommendations are also made for when TMDLs will be completed. The report provides a summary of list changes and the State Water Board staff analysis of data and information. Two additional staff reports were also developed for waters and pollutants where the recommendations were "Do Not List" or "Do Not Delist."

5  
AVAILABILITY OF THE DRAFT STAFF REPORT ON REVISION OF THE SECTION 303(d) LIST

The draft Staff Reports supporting the revision of the section 303(d) list are posted on the State Water Board Web site at [http://www.waterboards.ca.gov/tmdl/303d\\_update.html](http://www.waterboards.ca.gov/tmdl/303d_update.html). You may also receive a copy on CD-R of the draft Staff Reports by contacting:

SUBMISSION OF COMMENTS

The State Water Board encourages that all comments on the proposed changes to the section 303(d) list be submitted by email, mail, or fax, postmarked no later than 5:00 p.m., December 6, 2005. Time limitations on presentations may be imposed. The State Water Board requests that oral testimony be summarized. Persons with similar views are encouraged to make joint presentations. All comments received will be considered by the State Water Board before considering adoption of a revised section 303(d) list.

Written comments should be submitted to:

Craig J. Wilson, Chief  
Water Quality Assessment Unit  
Division of Water Quality  
State Water Resources Control Board  
P.O. Box 100  
Sacramento, CA 95812-0100  
FAX: (916) 341-5550  
Email: [cjwilson@waterboards.ca.gov](mailto:cjwilson@waterboards.ca.gov)

COURT REPORTER

A court reporter will record all the oral comments made during the public workshop(s). Persons who desire a copy of the workshop transcript must make their own arrangements with the court reporter.

*for California*  
**NOTICE IS HEREBY GIVEN** that public workshops will be held by the State Water Resources Control Board (SWRCB) to seek comments on proposed revisions of the federal Clean Water Act (CWA) section 303(d) list [section 303(d) list] of water quality limited segments. The Board will not make any decision regarding the section 303(d) list at the workshops. The section 303(d) list will be considered for adoption at a future SWRCB meeting.

Each day of the workshop(s) will focus on the revisions to the section 303(d) list as follows:

December 1—Los Angeles, Lahontan, Colorado River Basin, Santa Ana, and San Diego regions

December 6—North Coast, San Francisco Bay, Central Coast, Central Valley, and Lahontan regions

While each workshop is focused on specific proposals, comments on any aspect of the proposed revised statewide section 303(d) list will be accepted at either of the two workshops.

**BACKGROUND**

Section 303(d) of the CWA requires states to identify waters that do not meet applicable water quality standards with technology-based controls alone. Applicable standards include the designated beneficial uses, the adopted water quality objectives, and the State's antidegradation policy. The section 303(d) list must include the water quality limited segments, associated pollutants, and a priority ranking of the waters for purposes of developing Total Maximum Daily Loads (TMDLs) in the next two years. A TMDL is the maximum load of a pollutant that can be discharged from point and nonpoint sources without exceeding water quality standards. States are required to submit the section 303(d) list and TMDL priorities to the U.S. Environmental Protection Agency (USEPA) for approval. The 2006 section 303(d) list is due to USEPA by April 2006.

**DEVELOPMENT OF THE 2006 SECTION 303(d) LIST**

*The State Water Board* → SWRCB solicited, assembled, and considered *all* readily available data and information. A public solicitation of data and information from *state* and federal agencies, and from other interested parties, was begun in April 2004. This public data solicitation was concluded in *June* 2004. The data received generally covered the period of 2001 to early 2004. Some data were submitted that addressed pre-2002 listings. Data (through March 2005) from the Surface Water Ambient Monitoring Program (SWAMP) were included in the record. Other sources of data and information that became readily available to SWRCB staff were also included in the administrative record.

All data and information was reviewed using the listing and delisting in the *Water Quality Control Policy for Developing California's Clean Water Act Section 303(d) List* (Listing Policy). The Listing Policy identifies the process by which SWRCB and *RWQCBs* will comply with the listing requirements of CWA Section 303(d). The Listing Policy became effective in *December* 2004. The Listing Policy was used to make listing/delisting *decisions*, which are summarized in fact sheets developed by SWRCB. In general, fact sheets were developed for all waters and pollutants where water quality standards were not attained.

A draft Staff Report (report) has been developed documenting recommendations for additions, deletions, and changes to the 2002 California section 303(d) list. Recommendations are also made for when *Total Maximum Daily Loads (TMDLs)* will be completed. The report provides a summary of list changes and the SWRCB staff analysis of data and information. Two additional staff reports were also developed for waters and pollutants where the recommendations were "Do Not List" or "Do Not Delist".

**AVAILABILITY OF THE DRAFT STAFF REPORT ON REVISION OF THE SECTION 303(d) LIST**

The draft Staff Reports supporting the revision of the section 303(d) list are posted on the ~~SWRCB~~ web site at [http://www.waterboards.ca.gov/tmdl/303d\\_update.html](http://www.waterboards.ca.gov/tmdl/303d_update.html). **COURT REPORTER**

A court reporter will record all the oral comments made during the public workshop(s). Persons who desire a copy of the workshop transcript must make their own arrangements with the court reporter.

*State Water Board*

*State Water Board*

**PARKING AND ACCESSIBILITY**

The enclosed maps show the locations of the workshops.

- **December 1, 2005 Pasadena Workshop.** Hotel parking is available at a fee of \$10 for self-parking. Alternative public parking is available. The city of Pasadena operates three parking structures with over 2,500 parking spaces that serve the mixed-use urban village known as the Paseo Colorado. These parking structures are relatively close (within ten to fifteen minute walk) to the Hilton Pasadena Hotel. The **Los Robles Parking Structure** is located at 400 East Green Street (on the southwest corner of Los Robles and Green) and is accessible from Green Street and Los Robles Avenue. The **Marengo Parking Structure** is located at 155 East Green Street (on the northwest corner of Marengo and Green) and is accessible from Marengo Avenue, Green Street, and Arroyo Parkway. The **Paseo Colorado Subterranean Structure** is located at 300 East Colorado Boulevard (between Marengo and Los Robles) and can be accessed from Colorado Boulevard and Green Street. All these parking structures are open 7 days a week with a daily maximum of \$6. Additional information can be found at [http://www.ci.pasadena.ca.us/trans/parking/pkng\\_locs.asp](http://www.ci.pasadena.ca.us/trans/parking/pkng_locs.asp).
- **December 6, 2005 Sacramento workshop.** There is a parking garage across the street from the building with entrances on 10<sup>th</sup> and 11<sup>th</sup> Streets between "I" and "J" Streets, and there are metered parking spaces in the vicinity of the building. Both facilities are accessible to persons with disabilities. Individuals who require special accommodations are requested to contact Adrian Perez, at (916) 341-5880, at least five working days prior to the public hearing date. Persons with hearing or speech impairments can contact us by using the California Relay Service TDD.
