

United States Geological Survey (USGS) California Water Science Center
Quality Assurance Reference

CalWQA Reference #: 6622

Version: 1

Date: October 25, 2023

This document pertains to data collected by the USGS California Water Science Center (CAWSC) that were assessed for the 2026 Integrated Report Cycle.

The CAWSC documents its QA policies and procedures in the “Quality-Assurance Plan for Water Quality Activities of the California Water Science Center.”

The State Water Resources Control Board QA Officer reviewed the above-mentioned document and determined that it satisfies the QAPP equivalent document standards of the Listing Policy.

To request a copy of USGS California Water Science Center QA documentation, please email the Integrated Report Assessment Office wqassessment@waterboards.ca.gov.

Include “Request for USGS QA Documentation for 2026 IR Cycle” in the subject line of the email.
