
State Water Resources Control Board

Additional Informational Webinars for Unified Program Agencies and for the Regulated Underground Storage Tank Community on the Adopted Amendments to California Code of Regulations, Title 23, Division 3, Chapter 16

The State Water Resources Control Board adopted amendments to California Code of Regulations, title 23, division 3, chapter 16 at the State Water Board's that became effective October 1, 2018. The amendments to the regulations include, but are not limited to: 1) designated underground storage tank (UST) operator inspections; 2) overfill prevention equipment inspections; 3) testing and inspecting equipment after a repair; 4) demonstrating compatibility; 5) training of employees, and 6) line leak detection of piping connected to emergency generator tank systems.

The webinars for the Unified Program Agencies (UPAs) are to provide information to assist UST regulators in verifying that UST owners and operators are complying with the amended regulations and includes, but is not limited to, the review of California Environmental Reporting System submittals, required forms, compatibility documentation, workplans for installation, replacement, and repairs of UST components and how the annual inspection is affected by the amendments to the UST regulations. The webinars for the regulated UST community are to provide information regarding how to comply with the amended regulations for, but not limited to, testing, inspection, UST component compatibility, upgrades, and training.

New Webinars Dates for the UPAs:

October 19, 2018	9:00 a.m. to 12:00 p.m.
October 31, 2018	9:00 a.m. to 12:00 p.m.
November 14, 2018	9:00 a.m. to 12:00 p.m.
November 27, 2018	9:00 a.m. to 12:00 p.m.

New Webinar Dates for the Regulated Underground Storage Tank Community:

October 12, 2018	9:00 a.m. to 12:00 p.m.
October 24, 2018	9:00 a.m. to 12:00 p.m.
November 7, 2018	9:00 a.m. to 12:00 p.m.
November 21, 2018	9:00 a.m. to 12:00 p.m.

Registration is not required; however, the video capacity is limited to 125 connections, and there is a call-in capacity of 300 incoming telephone lines.
