

To Interested Parties:

State Water Resources Control Board staff will be holding two meetings of Geotracker users to discuss the electronic submittal of analytical and locational data for the groundwater cleanup programs.

Date: Wednesday, April 6, 2005
Time: 1 - 4 PM, DCJ Room
Location: Water Quality Control Board
5550 Skylane Blvd Suite A
Santa Rosa, CA 95403

Date: Wednesday, April 20, 2005
Time: 1 - 4 PM, Conference Room
Location: Water Quality Control Board
415 Knollcrest Dr, Suite 100
Redding, CA 96002

These meetings are open to the public and you are invited to attend and discuss the relevant issues regarding the Electronic Submittal of Information (ESI) for groundwater cleanup programs and the implementation of the final regulations that were adopted last October. The text of the regulations can be found at:
http://www.waterboards.ca.gov/ust/cleanup/electronic_reporting/docs/final_electronic_regs_dec04.pdf

The first hour of the meeting will be more useful to those who are new to the ESI program and will be very basic. More detailed aspects of the program will be discussed during the second part of the afternoon. We hope to hear from many of you who have been routinely reporting electronic data as well as people who are just getting started.

We appreciate your participation in our electronic submittal of information program. Since the room's capacity is limited, please RSVP for one of the locations if you plan to attend by e-mailing Jessica Nunes at jnunes@waterboards.ca.gov.
