

Claim 3665, Coy Shockley

Response to Craig D. Braun Esq. Comments e-mail, dated July 25, 2013

Comment: The reason I write this email is that there is pending litigation that has been filed by VIER CORP. against Coy Shockley (Shockley) – the responsible party under the Claim – and my clients. VIER claims that it was hired by Mr. Shockley to install and operate a soil vapor extraction system at the subject property but was not paid. The amount claimed owing is \$156,932.72. A true and correct copy of the Complaints is attached.

Response: The Fund's closing of the case will have no impact on the ongoing legal proceedings.
