Subject: Comment Letter – ARCO Facility 1369 Proposed UST Case Closure

Dear Ms. Gomez-Latino,

I am submitting this letter on behalf of Atlantic Richfield Company and BP West Coast Products LLC, in support of the State Water Resource Control Board's (SWRCB's) proposal to close the underground storage tank (UST) case associated with former ARCO Facility 1369, located at 411 West Palmdale Boulevard, Palmdale, California. We believe the site meets the requirements for UST case closure, and wish to thank the SWRCB and the Executive Director for identifying the site as a case closure candidate, and for giving it due consideration.

Please contact me at (925) 275-3802 or john.skance@bp.com with any questions or comments.

Sincerely,

John C. Skance
Strategy Manager - US Refining & Marketing
