Installing Underground Storage Tanks (IUST) Grant Program

Grant funds are available to Small Businesses for underground storage tanks (UST's) installed within the last 12 months. To qualify as a small business, as defined in AB 2955, the grant applicant is a business that employs fewer than 500 full-time and part-time employees, is independently owned and operated, and is not dominant in its field of operation. Grant funds available up to \$30,000.

Grant funds available for:

- Leak Detection UST Monitoring Equipment; the maximum available for this equipment is \$15,000.
- Enhanced Leak Detection Testing after installation of new USTs; the maximum available for these tests are \$15,000.

Please note that grants must be issued no later than 12 months after the installed UST is placed into use. To ensure grants are issued within the allotted time to qualify for funding, applications must be received by the SWRCB no later than 10 months after receiving a permit to operate from the local agency.
