No. 7858

Judgment and Decree

28 The above entitled cause having been referred to the Division of
29 Water Resources of the Department of Public Works of the State of California,
30 as referee, by an order of this Court, dated September 26, 1932, and made
31 under authority of law as conferred by Section 24 of the Water Commission
32 Act of the State of California, Statutes of 1913, Chapter 586, as amended;

winter decree

1 said order of reference directing an investigation by said referee of all the
2 facts and issues involved in said action and requiring said referee to report
3 on all of the physical facts and such information upon the law and the facts
4 as it might deem proper in view of the issues submitted and to recommend
5 such findings of fact and conclusions of law as it might deem proper in view
6 of the evidence; said referee having made its investigation; thereafter all
7 of the parties plaintiff and defendants W. E. Dunwoody, Perry Opdyke,
8 Charles Heryford and Fred Conrad, having entered into a written stipulation
9 and agreement; said stipulation providing that this Court might enter its
10 decree in accordance with the provisions of said stipulation; said stipulation
11 further providing that findings of fact and conclusions of law be waived; said
12 Division, as referee, having announced its report in the form of a draft;
13 notice of said draft and a copy thereof having been mailed by said referee to
14 the parties or their attorneys; defendants L. H. Sullivan and Eva B. Sullivan,
15 and Mary H. Shearin having filed objections to said draft of report and the
16 time for filing objections thereto having thereafter expired; due consideration
17 having been given by said referee to said objections so filed; said referee
18 having filed its report herein, including said stipulation for judgment as
19 Exhibit "A"; said referee having given notice by mail of the filing of its
20 report to the parties or their attorneys; defendants L. H. Sullivan and Eva B.

6 on behalf of any of the remaining defendants; said counsel for said parties
7 having stipulated in open court that a decree be entered in accordance with
8 said stipulation for judgment as amended by the changes therein proposed and
9 recommended in said report of referee; said stipulation for entry of decree
10 having been spread upon the minutes of the Court and findings of fact and
11 conclusions of law having been thereby waived; defendants Alex Brown, Dessie
12 Snooks, Holiday Brown, Edith Snooks, Jackson Bone, Lee Bone, Sam Williams,
13 Julia Wilson, Harry Bob, Clara Grant, Lorena Wilson Mitchell, Alta Wilson
14 Mullen, Hattie Wilson, Flora Wilson, Ira Wilson and Kate Snooks having
15 been duly served with summons and complaint in said cause and having failed
16 to plead or appear in said cause within the time limited by law and the
17 default of said defendants having been duly and regularly entered by the
18 clerk of this Court; defendants L. H. Sullivan and Eva B. Sullivan, and
19 William Valentine and Fred Valentine having been duly and regularly notified
20 of the hearing and trial of said cause before this Court, and said
21 defendants having failed to appear at said hearing and trial, and having
22 thereby waived findings of fact and conclusions of law; the evidence
23 presented and filed by the referee and included within its report being
24 the only evidence offered or introduced at said trial; the evidence being
25 closed; said cause being submitted to the Court for its determination and de-
26 cision; the Court being fully advised in the premises; and it further
27 appearing as follows:

28 (1) Plaintiff Alan Brown has succeeded to the interests of
29 plaintiff Ellen Brown involved in this cause.

1 NOW THEREFORE IT IS HEREBY ORDERED, ADJUDGED AND DECREED AS
2 FOLLOWS, TO WIT:

3 (1st) There is in said Shasta County a natural stream of
4 water known as and called "Hat Creek", which said stream arises on the
5 northeast slope of Mt. Lassen in the southeasterly portion of Shasta
6 County, State of California, and flows in a general northerly direction
7 to its confluence with Rising River near Cassel between well defined
8 banks in a well defined channel to, upon, and across certain of the lands
9 of certain of the parties to this action, which lands are hereinafter
10 described.

11 (2nd) The parties plaintiff and parties defendant in the above
12 entitled action are the owners of the lands described in their respective
13 pleadings, and as amended and pleaded by them; the allotments of water
14 from said Hat Creek as hereinafter set forth are for use upon the acreages
15 hereinafter described; the respective parties are the owners of the
16 acreages hereinafter set forth under their respective names and of all
17 the lands embraced in the legal sub-divisions hereinafter described under
18 their respective names; and said lands are depicted on the map herein
19 referred to as the "Division of Water Resources Maps", which maps were
20 prepared by the State Water Commission from its surveys made in 1920 of
21 the lands irrigated from Hat Creek, which maps are on file in the office
22 of the Clerk of the above entitled Court as Plaintiffs' Exhibit No. 1 in the
23 case of David Doyel, et al. v. Harvey Massie, et al., and the maps prepared
24 by the Division of Water Rights from its surveys made in 1927 of reclaimed
25 mud flow lands irrigated from Hat Creek, which maps are a public record on
26 file in the office of said Division of Water Resources.

27 (3rd) The parties plaintiff and the parties defendant are the
28 owners of, or interested in, the ditches, conduits, pipe lines and other
29 means of diversion described in their respective pleadings, and as
30 amended and pleaded by them, and as depicted on said Division of Water
31

1 Resources maps and are entitled to divert water, as hereinafter set
2 forth, through said means of diversion at the points of diversion
3 depicted on said maps, and as hereinafter described.

4 (4th) The several parties named in Schedule 2, hereunto
5 annexed and made a part hereof, are entitled to rights in and to the
6 natural flow of Hat Creek, during the period commencing at 6:00 o'clock
7 A.M. on October 28th of each and every year and ending at 6:00 A.M.
8 on May 1st of the succeeding year, for domestic, stock watering and
9 irrigation purposes upon their respective lands as described in
10 Schedule 1, hereunto annexed and made a part hereof, in accordance
11 with the quantities of water allotted and through the ditches named
12 as set forth in said Schedule 2; said allotments are equal in priority
13 and correlative in right and shall be limited to the amounts directly
14 applied to beneficial use, and at all times when the available water
15 supply of said creek is inadequate to fully supply said rights and
16 allotments, then during the continuance of such shortage, the owners
17 of said allotments shall prorate the available water supply in accordance
18 with their respective allotments.

19 (5th) Defendants Mrs. M. H. Shearin, W. E. Dunwoody, and
20 Clara Grant are entitled to divert from the natural flow of Hat Creek,
21 during the period commencing at 6:00 o'clock A. M. on May 1st and
22 terminating at 6:00 o'clock A. M. on October 28th of each and every
23 year, in the respective amounts of water set after their respective
24 names and through their respective ditches set opposite their respective
25 names, to-wit:

<u>Name</u>	<u>Ditch</u>	<u>Cubic Feet per second</u>
27 Mrs. M. H. Shearin	Shearin Upper and/or Shearin Lower	0.96
28 W. E. Dunwoody	Jones	0.50
29 Clara Grant	Grant Upper and/or Grant Lower	0.50

30 Said rights provided in this paragraph are for use for irrigation, stock
31 watering and domestic purposes by the parties named in this paragraph

1 upon their respective lands described in Schedule 1 hereof during the
2 irrigation season defined in this paragraph and are equal in priority and
3 correlative in right with all irrigation rights provided in the decree of
4 the above entitled Court in Case No. 5724, entitled "David Doyel, et al.
5 vs. Harvey Massie, et al.", and at all times when the available water
6 supply of said creek is inadequate to supply all prior minimum flow rights
7 provided in said decree and to fully supply said decree irrigation rights
8 and the rights provided in this paragraph, then during the continuance of
9 such shortage, the owners of said decreed irrigation rights and the rights
10 provided in this paragraph shall prorate the water supply available over
11 and above said prior minimum flow rights in accordance with their respective
12 allotments.

13 (6th) Mrs. M. H. Shearin, W. E. Dunwoody, and Clara Grant, or
14 any two of them, may elect to rotate in the use of their allotments
15 hereinbefore provided in paragraph (5th); provided, however, that if rotation
16 is practiced by said defendants, or any two of them, they shall rotate in
17 the use of water with each other in such a manner that the consumption of
18 water by them will equally reduce the amounts of water available for the
19 rights of both the Lower Users and the Upper Users as adjudged and decreed
20 in said decree of the above entitled court in the case of David Doyel, et
21 al., vs. Harvey Massie, et al.; and provided further that each of said
22 parties, during such times as they are not entitled to an irrigation head
23 under such rotation, shall be entitled to a minimum flow of 0.25 cubic foot
24 per second, which minimum flows shall be equal in priority and correlative
25 in right with all minimum flows entitled to be diverted at that time under
26 the decree in said case of "David Doyel, et al., vs. Harvey Massie, et al."

27 (7th) Mrs. M. H. Shearin, W. E. Dunwoody, and Clara Grant, each
28 have the right to divert sufficient water to develop power on their
29 respective lands herein described during the period commencing at 6:00
30 o'clock A.M. on May 1st and terminating at 6:00 o'clock A.M. on October
31 28th of each and every year, provided that their use for this purpose does

1 not deprive any of the other users of the quantity of water allotted to them
2 in said decree of David Doyel, et al., vs. Harvey Massie, et al. for
3 domestic, stock watering and irrigation purposes, the water to be directly
4 returned to the creek from the place of use.

5 (8th) In addition to the amount of water hereinbefore allotted
6 to Carrie Klotz Hall and W. P. Hall, through the Hall Ditch, for domestic,
7 stock watering and irrigation purposes, said Carrie Klotz Hall and W. P.
8 Hall are at all times entitled to divert from the waters of Hat Creek
9 through said Hall Ditch, ten cubic feet per second, to be used for the
10 purpose of operating a power wheel situated in the NW¹/₄SW¹/₄ Section 33,
11 T 33 N, R 5 E, M.D.B. & M.; provided that all of said water other than that
12 necessarily lost by evaporation and seepage, shall be directly returned to
13 said Hat Creek from said place of use; except that a quantity of water not
14 exceeding 0.50 cubic foot per second out of said ten cubic feet per second
15 may be used for the purpose of conveying sawdust and refuse from the sawmill
16 situated on the above described forty acre tract, and need not be returned
17 to said Hat Creek.

18 (9th) Harvey W. Wilcox, Vint W. Stevenson, Ruby F. Hencrat and
19 Charles W. Gray, collectively, are at all times entitled to divert from
20 the natural flow of Hat Creek, through Old Channel, ten cubic feet per
21 second, said water to be diverted from said Hat Creek at a point within
22 Lot 2 of Section 7, T 32 N, R 5 E, M.D.B. & M., and said parties are entitled
23 to re-divert from such waters so diverted, in whole or in part, their
24 respective allotments or prorrations thereof under their respective rights
25 hereinbefore provided in paragraph (4th) in lieu of diverting an equal
26 amount directly from said Hat Creek as provided in said paragraph (4th);
27 provided, however, that any water flowing in said Old Channel not so re-
28 diverted shall be returned to said Hat Creek in the SW¹/₄SE¹/₄ Section 32,
29 T 33 N, R 5 E, M.D.B. & M.

30 (10th) William Valentine, Fred Valentine, Charles Heryford, and
31 Edith Snooks, collectively, are at all times entitled to divert from the

1 natural flow of Hat Creek, through Hahn Channel, eight cubic feet per second,
2 said water to be diverted from said Hat Creek at a point within the NW¹ SE¹
3 Section 35, T 34 N, R 4 E, M.D.B. & M., and they are entitled to re-divert
4 from such waters so diverted, in whole or in part, their respective allot-
5 ments or prorations thereof under their respective rights hereinbefore
6 provided in paragraph (4th) in lieu of diverting an equal amount directly
7 from said Hat Creek as provided in said paragraph (4th); provided, however, *winter*
8 that any water flowing in said Hahn Channel not so re-diverted shall be
9 returned to said Hat Creek in the NE¹ NE¹ Section 27, T 34 N, R 4 E, M.D.B. & M.

10 (11th) Each and every party to this action, except Vernon March,
11 and S. E. Kerns, have the right to divert sufficient water from Hat Creek
12 to develop power on their respective lands herein described, provided that
13 their use for this purpose does not deprive any of the other users of the
14 quantity of water allotted to them for domestic, stock watering and irrigation
15 purposes, the water to be directly returned to said creek from the place of
16 use.

17 (12th) All allotments of water provided in this judgment and
18 decree, except the allotments hereinbefore provided in paragraphs (5th),
19 (6th) and (7th) for Mrs. M. H. Shearin, W. E. Dunwoody and Clara Grant,
20 shall be limited to usage during the season commencing at 6:00 o'clock A.M. *winter*
21 on October 28th of each and every year and ending at 6:00 o'clock A.M. on
22 May 1st of the succeeding year; said allotments hereinbefore provided in
23 paragraphs (5th), (6th) and (7th) for Mrs. M. H. Shearin, W. E. Dunwoody
24 and Clara Grant shall be limited to usage during the season commencing at
25 6:00 o'clock A.M. on May 1st and terminating at 6:00 o'clock A.M. on
26 October 28th of each and every year; and nothing in this judgment and decree
27 shall, or shall be construed to, modify or alter in any way the relative
28 rights of those parties to this action whose rights were decreed by the above
29 entitled court in case No. 5724 entitled "David Poyel, et al., vs. Harvey
30 Massie, et al.," with respect to each other during the season commencing at
31 6:00 o'clock A.M. on May 1st and ending at 6:00 o'clock A. M. on October
28th of each and every year.

1 (13th) All of the allotments of water hereinbefore provided
2 shall be diverted from the Hat Creek stream system at the present points of
3 diversion of the respective ditches, as said points of diversion are described
4 in Schedule 3, hereunto annexed and made a part hereof; and the points of
5 measurement of all of said allotments shall be at the respective points of
6 diversion from said Hat Creek stream system, except that in the case of the
7 Reiger Ditch owned jointly by Harry A. Lonquist, S. E. Kerns, L. H. Sullivan
8 and Eva B. Sullivan, the allotment of water herein allowed L. H. Sullivan
9 and Eva B. Sullivan shall be measured at the northern boundary of the Clare
10 and Fay Brown Ranch, and the allotment of water herein allowed S. E. Kerns
11 shall be measured immediately above the point where the upper lateral lead-
12 ing to the Clare and Fay Brown Ranch diverts water from said Reiger Ditch;
13 provided, however, that the allowance for transportation losses in said
14 Reiger Ditch for said L. H. Sullivan and Eva B. Sullivan, and S. E. Kerns
15 shall at no time exceed 1.75 cubic feet per second.

16 (14th) Nothing herein contained shall, or shall be construed to,
17 limit or restrict the right of any two or more parties hereto from entering
18 into an agreement or agreements, whereby said parties may pool their
19 respective interests and thereby apply water to their respective lands at a
20 greater rate than herein provided, provided that the total use of any such
21 parties on their lands during any 30 day period shall not exceed the allot-
22 ments herein provided, and provided further that such use shall not impair
23 or infringe the right of any other party; and nothing herein contained
24 shall, or shall be construed to, preclude Mrs. M. H. Shearin from consummat-
25 ing a right to appropriate unappropriated waters of Hat Creek under an
26 application and permit pending before said Division of Water Resources.

27 (15th) IT IS FURTHER ORDERED, ADJUDGED AND DECREED that the
28 term "natural flow", as herein used, shall be construed to designate such
29 flow as will naturally occur at any given point in a stream from the runoff of
30 the watershed which it drains, from springs which naturally contribute to
31 the stream, from seepage, and from waste and return flow from dams,

1 conduits and irrigated lands; as distinguished from released stored water
2 and from "foreign water" directly conveyed to a stream from another water-
3 shed.

4 (16th) IT IS FURTHER ORDERED, ADJUDGED AND DECREED that the term
5 "available water supply of Hat Creek", as herein used, shall be construed
6 to designate the total amount of water available for diversion by all of the
7 various conduits diverting from Hat Creek, i. e. the water crop of Hat Creek
8 plus all waste and return flows to the stream system, less all channel losses
9 in the stream system; said "available water supply of Hat Creek" at any given
10 time to be determined by combining the total of all quantities of water being
11 diverted from the stream system with the flow of ^Hat Creek immediately below
12 all diversions at such given time.

13 (17th) IT IS FURTHER ORDERED, ADJUDGED AND DECREED that the court
14 retains jurisdiction to enforce the provisions of this decree by the appoint-
15 ment of the Division of Water Resources of the Department of Public Works
16 of the State of California, as water master, and to appoint any other
17 qualified agency or any person to so act at such times as may be necessary
18 in the event that said Division, or its successor, if any, in the administrat-
19 ion of the Water Commission Act, fails to act as such water master under
20 said appointment or under provisions of law authorizing water master super-
21 vision over the distribution of the waters herein decreed, and that all costs
22 and expenses of such water master service shall be borne by the parties hereto,
23 Indians occupying government land excepted, said costs and expenses to be
24 apportioned among said parties in accordance with the methods of apportion-
25 ing the costs of water distribution by water master provided in Section 37f
26 of said Water Commission Act.

27 (18th) IT IS FURTHER ORDERED, ADJUDGED AND DECREED that each and
28 every party to this action, his or her agents, successors, grantees and
29 assigns, be and they are hereby perpetually enjoined and restrained from
30 doing anything in violation of the terms or provisions of this decree, or
31 diverting any water from said Hat Creek at any time in violation of the

1 terms hereof, or from doing anything that will obstruct or interfere
2 with any other right in this decree adjudged and decreed.

3 (19th) IT IS FURTHER ORDERED, ADJUDGED AND DECREED that action
4 against Felice Kelly Davis, Theodore A. Kelley, and The Red River Lumber
5 Company be dismissed.

6 (20th) FINALLY IT IS ORDERED, ADJUDGED AND DECREED that each
7 party hereto shall pay his own costs and that the amount due from the
8 parties hereto to said Division of Water Resources for expenses in-
9 curred as referee, as set forth in the report of referee on file in this
10 action shall be borne by the following parties in the following proportion:

11	<u>Party</u>	<u>Allotment of Expense</u>
12	David Doyel, Catherine Doyel and Effie May Doyel	\$23.41
	Bertha Giessner	11.82
