ENVIRONMENTAL INFORMATION
FOR PETITIONS

X Petition for Change  □ Petition for Extension of Time

Before the State Water Resources Control Board (SWRCB) can approve a petition to change your water right permit or a petition for extension of time to complete use, the SWRCB must consider the information contained in an environmental document prepared in compliance with the California Environmental Quality Act (CEQA). This form is not a CEQA document. If a CEQA document has not yet been prepared, a determination must be made of who is responsible for its preparation. As the petitioner, you are responsible for all costs associated with the environmental evaluation and preparation of the required CEQA documents. Please answer the following questions to the best of your ability and submit any studies that have been conducted regarding the environmental evaluation of your project. If you need more space to completely answer the questions, please number and attach additional sheets.

1. DESCRIPTION OF PROPOSED CHANGES OR WORK REMAINING TO BE COMPLETED
For a petition to change, provide a description of the proposed changes to your project including, but not limited to, type of construction activity, structures existing or to be built, area to be graded or excavated, increase in water diversion and use (up to the amount authorized by the permit), changes in land use, and project operational changes, including changes in how the water will be used. For a petition for extension of time, provide a description of what work has been completed and what remains to be done. Include in your description any of the above elements that will occur during the requested extension period.

The McCanna Ranch Water Company ("McCanna Water") submits this change petition to the State Water Resources Control Board ("SWRCB") pursuant to Water Code section 1700 et seq to amend the number of, and descriptions for, the points of diversion in Application No. 30503. On January 11, 1996, McCanna Water submitted its Application to the SWRCB. The Application included a description of one existing and two proposed points of diversion. Today four wells are used to divert water from an unnamed subterranean stream. All four wells are located within the service area. Pursuant to the SWRCB's request, McCanna Water is now amending its Application to include the California Coordinates for each of the four points of diversion.

The proposed amendment will not alter current water service operations nor result in any increases in the annual diversions. No new construction, grading or excavation is necessary to complete the proposed change to the Application. The change will not effect current land uses.

See maps attached as Attachment No. 1, amending the description of points of diversions.

□ See Attachment No. 1
2. COUNTY PERMITS

a. Contact your county planning or public works department and provide the following information:

Person contacted: N/A Date of contact: ______________

Department: __________________________ Telephone: (____) ____________

County Zoning Designation: ____________________________________________

Are any county permits required for your project? □ YES □ NO If YES, check appropriate box below:
□ Grading permit □ Use permit □ Watercourse □ Obstruction permit □ Change of zoning
□ General plan change □ Other (explain):

b. Have you obtained any of the required permits described above? □ YES □ NO
If YES, provide a complete copy of each permit obtained.
□ See Attachment No. ___

3. STATE/FEDERAL PERMITS AND REQUIREMENTS

a. Check any additional state or federal permits required for your project:
□ Federal Energy Regulatory Commission □ U.S. Forest Service □ Bureau of Land Management
□ Soil Conservation Service □ Dept. of Water Resources (Div. of Safety of Dams) □ Reclamation Board
□ Coastal Commission □ State Lands Commission □ Other (specify)

b. For each agency from which a permit is required, provide the following information:

<table>
<thead>
<tr>
<th>AGENCY</th>
<th>PERMIT TYPE</th>
<th>PERSON(S) CONTACTED</th>
<th>CONTACT DATE</th>
<th>TELEPHONE NO.</th>
</tr>
</thead>
</table>

□ See Attachment No. ___

c. Does your proposed project involve any construction or grading-related activity that has significantly altered or would significantly alter the bed or bank of any stream or lake? □ YES X NO
If YES, explain:
________________________________________________________________________
________________________________________________________________________
________________________________________________________________________
________________________________________________________________________
________________________________________________________________________
________________________________________________________________________

□ See Attachment No. ___
ENVIRONMENTAL INFORMATION FOR PETITIONS

d. Have you contacted the California Department of Fish and Game concerning your project?
   □ YES X NO
   If YES, name and telephone number of contact: ________________________________

4. ENVIRONMENTAL DOCUMENTS ***

   a. Has any California public agency prepared an environmental document for your project?
      X YES □ NO If YES, submit a copy of the latest environmental document(s) prepared, including a
      copy of the notice of determination adopted by the California public agency. Public agency:
      California Public Utilities Commission; Addendum, Attachment No. 2.

   b. If NO, check the appropriate box and explain below, see if necessary:
      □ The petitioner is a California public agency and will be preparing the environmental document.*
      □ I expect that the SWRCB will be preparing the environmental document.**
      □ I expect that a California public agency other than the State Water Resources Control Board will
      be preparing the environmental document.* Public agency: ________________________________
      □ See Attachment No. ___

   * Note: When completed, submit a copy of the final environmental document (including notice of
determination) or notice of exemption to the SWRCB, Division of Water Rights. Processing of
your petition cannot proceed until these documents are submitted.

   ** Note: CEQA requires that the SWRCB, as Lead Agency, prepare the environmental document.
The information contained in the environmental document must be developed by the petitioner
and at the petitioner’s expense under the direction of the SWRCB, Division of Water Rights.

   *** See proposed SWRCB Addendum conforming to the Petition for Change, attached as
Attachment No. 3.

5. WASTE/WASTEWATER

   a. Will your project, during construction or operation, (1) generate waste or wastewater containing such
      things as sewage, industrial chemicals, metals, or agricultural chemicals, or (2) cause erosion, turbidity or
      sedimentation?
      □ YES X NO
      If YES, or you are unsure of your answer, explain below and contact your local Regional Water
      Quality Control Board for the following information (See instruction booklet for address and
      telephone no.): ______________________________________________________________
      □ See Attachment No. ___

   b. Will a waste discharge permit be required for your project? □ YES X NO

      Person contacted: __________________________ Date of contact: ______________________

   c. What method of treatment and disposal will be used? ________________________________
      □ See Attachment No. ___

6. ARCHEOLOGY

   a. Have any archeological reports been prepared on this project? □ YES X NO

   b. Will you be preparing an archeological report to satisfy another public agency? □ YES X NO
ENVIRONMENTAL INFORMATION FOR PETITIONS

c. Do you know of any archeological or historic sites located within the general project area?
   □ YES X NO
   If YES, explain: __________________________________________
   __________________________________________
   __________________________________________
   □ See Attachment No. ___

7. ENVIRONMENTAL SETTING

   Attach three complete sets of color photographs, clearly dated and labeled, showing the vegetation
   that exists at the below-listed three locations. For time extension petitions, the photographs should
   document only those areas of the project that will be impacted during the requested extension period.
   □ Along the stream channel immediately downstream from the proposed point(s) of diversion.
   □ Along the stream channel immediately upstream from the proposed point(s) of diversion.
   X At the place(s) where the water is to be used.

   See color photographs attached as Attachment No. 4.

8. CERTIFICATION

   I hereby certify that the statements I have furnished above and in the attachments are complete to the best of
   my ability and that the facts, statements, and information presented are true and correct to the best of my
   knowledge.

   Date: 2-3-09  Signature: __________________________ for McCann Ranch Water Co.
