☒ Petition for Change
☐ Petition for Extension of Time (A13384)

Before the State Water Resources Control Board (SWRCB) can approve a petition to change your water right permit or a petition for extension of time to complete use, the SWRCB must consider the information contained in an environmental document prepared in compliance with the California Environmental Quality Act (CEQA). This form is not a CEQA document. If a CEQA document has not yet been prepared, a determination must be made of who is responsible for its preparation. As the petitioner, you are responsible for all costs associated with the environmental evaluation and preparation of the required CEQA documents. Please answer the following questions to the best of your ability and submit any studies that have been conducted regarding the environmental evaluation of your project. If you need more space to completely answer the questions, please number and attach additional sheets.

1. DESCRIPTION OF PROPOSED CHANGES OR WORK REMAINING TO BE COMPLETED
   For a petition to change, provide a description of the proposed changes to your project including, but not limited to, type of construction activity, structures existing or to be built, area to be graded or excavated, increase in water diversion and use (up to the amount authorized by the permit), changes in land use, and project operational changes, including changes in how the water will be used. For a petition for extension of time, provide a description of what work has been completed and what remains to be done. Include in your description any of the above elements that will occur during the requested extension period.

☒ See Attachment No. 1
2. COUNTY PERMITS
   a. Contact your county planning or public works department and provide the following information:
      Person contacted: [www.sonoma-county.org/prmd]
      Date of contact: 11-17-08
      Department: Sonoma County Planning
      Telephone: (707) 565-1900
      County Zoning Designation: See Attachment #2
      Are any county permits required for your project? □ YES □ NO
      If YES, check appropriate box below:
      □ Grading permit □ Use permit □ Watercourse □ Obstruction permit □ Change of zoning
      □ General plan change □ Other (explain):

   b. Have you obtained any of the required permits described above? □ YES □ NO
      If YES, provide a complete copy of each permit obtained.
      □ See Attachment No.

3. STATE/FEDERAL PERMITS AND REQUIREMENTS
   a. Check any additional state or federal permits required for your project:
      □ Federal Energy Regulatory Commission □ U.S. Forest Service □ Bureau of Land Management
      □ Soil Conservation Service □ Dept. of Water Resources (Div. of Safety of Dams) □ Reclamation Board
      □ Coastal Commission □ State Lands Commission □ Other (specify):

   b. For each agency from which a permit is required, provide the following information:

      | AGENCY | PERMIT TYPE | PERSON(S) CONTACTED | CONTACT DATE | TELEPHONE NO. |
      |--------|-------------|---------------------|--------------|---------------|
      |        |             |                     |              |               |
      |        |             |                     |              |               |
      |        |             |                     |              |               |
      |        |             |                     |              |               |

      □ See Attachment No.

   c. Does your proposed project involve any construction or grading-related activity that has significantly altered or would significantly alter the bed or bank of any stream or lake? □ YES □ NO
      If YES, explain:

      ___________________________________________________________
      ___________________________________________________________
      ___________________________________________________________

ENVIRONMENTAL INFORMATION FOR PETITIONS

d. Have you contacted the California Department of Fish and Game concerning your project? □ YES ☒ NO
   If YES, name and telephone number of contact: ________________________________

4. ENVIRONMENTAL DOCUMENTS
   a. Has any California public agency prepared an environmental document for your project? □ YES ☒ NO
      If YES, submit a copy of the latest environmental document(s) prepared, including a copy of the notice of
determination adopted by the California public agency. Public agency: ________________________________
   b. If NO, check the appropriate box and explain below, if necessary:
      ☒ I expect that the SWRCB will be preparing the environmental document.
      ☒ I expect that a California public agency other than the State Water Resources Control Board will be preparing
      the environmental document. Public agency: ________________________________

      □ See Attachment No. __

      * Note: When completed, submit a copy of the final environmental document (including notice of
determination) or notice of exemption to the SWRCB, Division of Water Rights. Processing of your petition
      cannot proceed until these documents are submitted.

      ** Note: CEQA requires that the SWRCB, as Lead Agency, prepare the environmental document. The
      information contained in the environmental document must be developed by the petitioner and at the
      petitioner’s expense under the direction of the SWRCB, Division of Water Rights.

5. WASTE/WASTEWATER
   a. Will your project, during construction or operation, (1) generate waste or wastewater containing such things as
      sewage, industrial chemicals, metals, or agricultural chemicals, or (2) cause erosion, turbidity or sedimentation?
      □ YES ☒ NO
      If YES, or you are unsure of your answer, explain below and contact your local Regional Water
      Quality Control Board for the following information (See instruction booklet for address and telephone no.):

      □ See Attachment No. __

   b. Will a waste discharge permit be required for your project? □ YES ☒ NO
      Person contacted: ________________________________ Date of contact: ________________________________

   c. What method of treatment and disposal will be used?

      □ See Attachment No. __

6. ARCHEOLOGY
   a. Have any archeological reports been prepared on this project? □ YES ☒ NO
   b. Will you be preparing an archeological report to satisfy another public agency? □ YES ☒ NO
   c. Do you know of any archeological or historic sites located within the general project area? □ YES ☒ NO
ENVIROMENTAL INFORMATION FOR PETITIONS

If YES, explain:

☐ See Attachment No.

7. ENVIRONMENTAL SETTING
   Attach three complete sets of color photographs, clearly dated and labeled, showing the vegetation that exists at
   the below-listed three locations. For time extension petitions, the photographs should document only those areas of
   the project that will be impacted during the requested extension period.
   ☑ Along the stream channel immediately downstream from the proposed point(s) of diversion.
   ☑ Along the stream channel immediately upstream from the proposed point(s) of diversion.
   ☑ At the place(s) where the water is to be used.

8. CERTIFICATION
   I hereby certify that the statements I have furnished above and in the attachments are complete to the best
   of my ability and that the facts, statements, and information presented are true and correct to the best of my
   knowledge.

3. Project Description

Petitioner proposes to increase the authorized place of use under all rights to the same 428 acres of existing vineyards on the Gallo Glass Company, Twin Valley Ranch which were developed from 1995 to 2004, as shown on the map to accompany the Petition. Petitioner also seeks to change the licensed points of diversion to the single existing offset well that was drilled in 1998 and seeks to add frost protection and heat control as purposes of use.

The amount of water to be used on the requested 428 acre place of use will not exceed the diversion amounts authorized by these Licenses. The increase in place of use will not result in an increase in the amount of water diverted annually as the per acre water demand for the existing vineyard is less that the demand for irrigated pasture, as originally Licensed. Water diverted under each License will be co-mingled on the place of use. As stated above the Point of Diversion and Place of Use will be the same under all four Licenses.

The entire project, including the entire requested place of use, diversion facility, and water distribution system is existing and fully developed (see attached aerial photograph). No further development is requested pursuant to these Petitions. The proposed project involves no changes relative to historical conditions. Accordingly, these Petitions qualify for a Categorical Exemption under Title 14, California Code of Regulations, Section 15301, Existing Facilities, which states the following:

"Class 1 consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the lead agency's determination."

Based on the foregoing, we are requesting that the State Water Board grant a Categorical Exemption to these Petitions and proceed with further processing as necessary for issuance of revised Licenses.
