NOTICE OF TEMPORARY URGENCY CHANGE PETITION EL DORADO IRRIGATION DISTRICT WASTEWATER CHANGE PETITION WW0020 AND ORDER 95-9 DIVERSION FROM DEER CREEK IN EL DORADO COUNTY

On March 10, 2014, El Dorado Irrigation District (EID) filed a Temporary Urgency Change Petition (TUCP) with the State Water Resources Control Board (State Water Board), Division of Water Rights (Division) pursuant to California Water Code section 1435, et seq.

The requested changes would temporarily reduce minimum wastewater discharge flows at Deer Creek Wastewater Treatment Plant (WWTP) as required pursuant to the terms of WW0020, as amended by Order 95-9. The minimum discharge requirements vary from 0.5 to 1.0 million gallons per day (mgd) depending on the daily influent flows into the Deer Creek WWTP. EID has been supplementing to its recycled water system with potable water which would otherwise have been used for indoor consumptive use. EID requests that all effluent discharged to Deer Creek be utilized in its irrigation system, which will allow EID to preserve its depleted potable water supply for indoor uses.

EID's TUCP, WW0020 Order, Order 95-9, and related project information can be viewed at: http://www.waterboards.ca.gov/waterrights/water_issues/programs/applications/transfers_tu_notices/index.shtml.

Pursuant to California Water Code section 1438(d), any interested person may file an objection to the TUCP. The procedure for addressing an objection is described in Water Code section 1438. Objections filed in response to this notice should be submitted to the persons listed below and must be received by 4:30 p.m. on **July 7, 2014**.

Send objections to both:

Jane Ling
Permitting Section
Division of Water Rights
P.O. Box 2000
Sacramento, CA 95812
