**Subject:** SCWA petition to low flow the Russian River

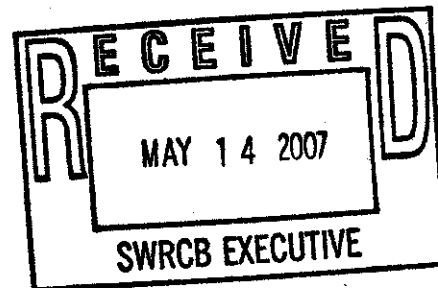

6/5/07 BdMtg Item 11  
SCWA's TUC Petition  
Deadline: 5/24/07 Noon

Dear Calif State Water Control Board,

I object to the SCWA petition to change the flows of the Russian River for ANY period this year 2007. It is unsafe to lower the Russian River summertime flow. The Sheriff's Dept. cannot traverse the river when it runs low. The SCWA should be putting mandatory water conservation in place, and STOP issuing building permits. SCWA has oversold the water from this river. The recreational use of the Russian River is at its peak during the proposed time period to lower the flow.

The mismanagement of this river was clearly demonstrated to you in November of 2004. SCWA has a politically corrupt Board of Directors, all of whom should be fired.

Respectfully,  
Suzanne Hart  
Guerneville
