18 **ANTIOCH'S ERRATA and**
19 **WITHDRAWAL OF DESIGNATED**
20 **EXHIBITS**

21 Antioch sets forth the following list of Errata and withdraws the exhibits listed
22 infra.

23 I. ANTIOCH'S LIST OF ERRATA

24 **Antioch Exhibit 106 - Ron Bernal - PowerPoint Overview of Testimony**

- 25
- 26 • Withdraw/Redact Slides 12 and 14.

27 **Antioch Exhibit 202 - Report on the Effects of the California WaterFix Project on the City**
28 *of Antioch*

- Antioch-202: The page numbering in the original document contained an error. The page and section numbering was inconsistent in sections 1-4. Section 3.4 of the original document is labeled as page 1, and should be page 10. The remainder of this errata sheet is based on the corrected numbering system.
- Antioch-202, P. 11: There is an additional period terminating the sentence at the

1 top of the page.

- 2 • Antioch-202, P. 21, Figure 3: The lower right panel should be labeled “Wet Water
3 Year” not “Normal Water Year”.
- 4 • Antioch-202, P. 29: The third paragraph states that Scenarios H3 and H4 would
5 result in about 500,000 AF/yr of additional water. This should read that only H3
6 would result in about 500,000 AF/yr of additional water.
- 7
- 8 • Antioch-202, P. 40, Table 5: There was an error in the Excel spreadsheet that
9 resulted in a miscalculation of the values in Table 5. A correct version of the table
10 is shown below.

11 Table 5 Decrease in number of days of water usability at Antioch's intake,
12 averaged by water year type, compared to existing conditions.

Water Year Type	Number of Lost Useable Days Relative to EBC2	
	NAA ^a	B1 ^a
Wet	22	31
Normal	6	21
Dry	-1	25
Critical	-2	11

13
