Conjunctive Use of Groundwater and Surface Water	
15. During the period covered by this Report, were you using groundwater in lieu of available surface water authorized under your permit?	No
16. Amounts of groundwater used	

Additional Remarks
The electronic data are submitted provisionally, as an attempt to discretize diversions and storage among individual permits, as requested. The provisional attachment shows the break down between diversions to storage and direct diversions, which are combined in this submittal. Storage and diversions were distributed in order of permit/license priority. Individual contractors implement conservation measures. Reclamation also maintains an annual grant program to support conservation activities. Attached files representing the official submittal of Reclamation. The irrigated acreage number does not include any Districts which did not timely report. Municipal use figures not provided by contractors. CVP Summary attached.
