

Surface water use within San Juan Water District's retail and wholesale service areas has been as follows in the last 10 years:

<u>Year</u>	<u>Water Use (in acre-feet)*</u>
2006	54,559
2007	53,449
2008	53,527
2009	42,938
2010	42,026
2011	41,502
2012	46,771
2013	47,859
2014	35,037
2015	31,238

\*Water use in 2014 and 2015 reflects implementation of conservation measures pursuant to the Governor's drought proclamations and the State Water Resources Control Board's urban conservation regulations.
