

submit such change to the Board for its approval in compliance with Water Code Section 10504.5(a).

18. The State Water Resources Control Board reserves continuing jurisdiction over these permits for the purpose of formulating terms and conditions relative to flows to be maintained from Auburn Dam downstream to the mouth of the American River for recreational purposes and for protection and enhancement of fish and wildlife.

19. Deliveries of water from the American River Division of the Central Valley Project shall be limited to deliveries for beneficial use within Placer, Sacramento, and San Joaquin Counties and shall not be made beyond the westerly or southerly boundaries thereof, except on a temporary basis, until the needs of those counties, present or prospective, are fully met; provided, however, that agreements in accordance with federal reclamation laws between permittee and parties desiring such service within said counties are executed by December 31, 1975; and provided further that, subject to the terms and conditions of the agreement between the United States, Sacramento River and Delta Water Users Association, Central Valley East Side Project Association, and East Bay Municipal Utility District, dated October 21, 1968, nothing herein provided shall preclude the United States from entering into a contract with East Bay Municipal Utility District in accordance with federal reclamation law for delivery of not more than 150,000 acre-feet of water on other than a temporary basis for beneficial municipal, domestic, and industrial purposes within the counties of Alameda and Contra Costa.
