Company to City of Folsom--Contract No. 14-06-200-4816A--Folsom
Dam and Reservoir--Central Valley Project, California

Dear Mr. Redding:

This is to acknowledge the letter of May 10, 1994, from Hatch and Parent, as representatives of Southern California Water Company (Company). In this letter, the Company informed the Bureau of Reclamation (Reclamation) of its intent to transfer to the City of Folsom (City) up to 5,000 acre-feet of the Company's 10,000 acre-foot water rights entitlement. This water would be transferred on a take or pay basis on the following schedule:

Fiscal Year (Commencing July 1)	Minimum Acre Feet of Water Transferred
1994/95	500
1995/96	1,500
1996/97	2,500
1997/98	3,500
1998/99	4,500
1999/2000 and thereafter	5,000

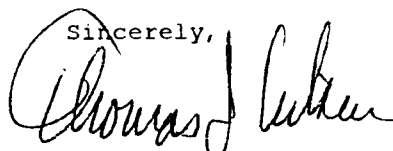

This transfer of water rights water has an unlimited term, but may be terminated by the City upon six months written notice to the Company. The City also has the right to reduce the maximum amount of water transferred under the agreement with six months written notice to the Company.

Reclamation acknowledges this transfer under Article 4 of the Company's Contract No. 14-06-200-4816A, with the following stipulations:

1. the Company shall ensure that the total amount of water rights water delivered to the Company and the City in any calendar year shall not exceed 32,000 acre-feet,
2. the Company shall ensure that the combined rate of delivery of water rights water to the Company and the City shall not exceed 60 cfs,
3. the Company shall notify Reclamation of any notice of termination or request for reduction in maximum transfer amount from the City within 60 days of receipt thereof.

If the above stipulations are acceptable to the Company, please sign and return one copy of this letter in the enclosed envelope.

If you have any questions, please contact Cecil Lesley at (916) 989-7221 (TDD 989-7285).
