

Statement of Qualifications – Ron Milligan

Ron Milligan is the Manager of the Central Valley Operations Office for the Bureau of Reclamation's Mid-Pacific Region. He has responsibility for the day-to-day operations of the Central Valley Project ("CVP"), including, but not limited to, Shasta Dam, Folsom Dam, New Melones Dam, the Jones Pumping Plant, and the Federal operations of San Luis Reservoir. He oversees all operations of the CVP through coordination amongst all the divisions and units of the Central Valley Project as well as with other State and Federal agencies.

He meets regularly with his counterpart for the State Water Project regarding daily operations and implementation of the "Agreement Between the United States of America and the Department of Water Resources of the State of California of Coordinated Operation of the Central Valley Project and State Water Project" (COA). He also interacts with staff from the State Water Resources Control Board (SWRCB) in regards to Reclamation's water rights. As Operations Manager, he is responsible for ensuring that Reclamation meets its responsibilities including both Federal requirements (such as ESA, CVPIA, etc.) as well as State requirements (such as D-1641 and other related water right permits). Ron Milligan has held this position since November, 2004.
