Footnotes: ¹ The SWP/CVP began operating to the WQCP standards in 1995 as agreed to in the 1994 Bay-Delta Accord prior to being assigned responsibility under D-1641.

² The more restrictive South Delta agricultural objective/standard, 0.7 mmhos/cm between April 1-August 31, was not in effect until April 2005. Until then, the requirement was 1.0 mmhos/cm year-round.

Percent of time exceeding D-1641 South Delta agricultural objective at Old River at Tracy Road Bridge = 16.8%

Percent of time exceeding D-1641 South Delta agricultural objective at Old River at Middle River = 2.2%

Percent of time exceeding D-1641 South Delta agricultural objective at SJR near Brandt Bridge = 2.9%

Percent of D-1641 objective exceedances due to exceedances at the 3 So. Delta compliance locations = 89.1%

Percent of time exceeding all D-1641 objectives excluding the 3 South Delta compliance locations = 0.2%
