Re: Amendment No. 1 to Temporary Entry Permit

Dear Mr. Davis:

This is in response to your email dated May 20, 2018, requesting additional language be added to the January 3, 2018 Temporary Entry Permit for geotechnical purposes (TEP).

Your request has been reviewed and accepted. This letter is considered as Amendment No. 1 to Temporary Entry Permit executed between Reclamation District No. 756 (Bouldin Island) and Department of Water Resources (DWR). This letter provides that DWR will be granted the right to use and cross the existing levee for construction purposes, and applies only to the subject TEP. Please note that all terms and conditions of the TEP shall remain in full force and effect.

If you should have any questions, please feel free to call.

Yours very truly,

DAVID A. FORKEL, Chairman
