

DRAFT BIOLOGICAL ASSESSMENT FOR CALIFORNIA WATER FIX

SVWU-1

WORKING DRAFT

[Cover / Title Page / Chapter 1: Introduction](#)

[Chapter 2: Consultation History](#)

[Chapter 3: Description of the Proposed Action](#)

[Chapter 4: Action Area and Environmental Baseline](#)

[Chapter 5: Effects Analysis for Chinook Salmon, Central Valley Steelhead, Green Sturgeon, and Killer Whale](#)

[Chapter 6: Effects Analysis for Delta Smelt and Terrestrial Species](#)

[Chapter 7: Effects Determination](#)

APPENDICES:

[Appendix 1.A: Species Lists—U.S. Fish and Wildlife Service](#)

[Appendix 1.B: Species Lists—National Marine Fisheries Service](#)

[Appendix 3.A: Map Book for the Proposed Action](#)

[Appendix 3.B: Conceptual Engineering Report, Volume 1](#)

[Appendix 3.C: Conceptual Engineering Report, Volume 2](#)

[Appendix 3.D: Assumed Construction Schedule for the Proposed Action](#)

[Appendix 3.E: Pile Driving Assumptions for the Proposed Action](#)

[Appendix 3.F: General Avoidance and Minimization Measures](#)

[Appendix 3.G: Geotechnical Exploration Plan – Phase 2](#)

[Appendix 3.H: Standard Operating Procedures for South Delta Fish Salvage](#)

[Appendix 3.I: Deconstruction Action Charts](#)

[Appendix 4.A: Status of the Species and Critical Habitat Accounts](#)

[Appendix 4.B: 2009 to 2011 Bay Delta Conservation Plan EIR/EIS Environmental Data Report, December 2011](#)

[Appendix 5.A: CalSim II Modeling and Results](#)

[Appendix 5.B: DSM2 Modeling and Results](#)

[Appendix 5.C: Upstream Water Temperature Methods and Results](#)

[Appendix 5.D: Quantitative Methods and Detailed Results for Effects Analysis of Chinook Salmon, Central Valley Steelhead, Green Sturgeon, and Killer Whale](#)

[Appendix 5.E: Essential Fish Habitat Assessment](#)

[Appendix 5.F: Selenium Analysis](#)

[Appendix 5.G: Projects to Be Included in Cumulative Effects Analysis for the Conveyance Section 7 Biological Assessment](#)

[Appendix 5.H: Construction Effects Tables for Salmonids and Green Sturgeon](#)

[Appendix 6.A: Quantitative Methods for Biological Assessment of Delta Smelt](#)

[Appendix 6.B: Terrestrial Effects Analysis Methods](#)

ATTACHMENTS:

[Attachment 5.D.1: Reclamation Salmon Mortality Model](#)

[Attachment 5.D.2: SALMOD Model](#)

[Attachment 5.E.2: Fall-/Late Fall-Run Chinook Salmon Water Temperature Threshold Analysis Results](#)

FIGURES:

[Figure 6.2: Riparian Brush Rabbit Distributions](#)

[Figure 6.4: California Least Tern Distributions](#)

[Figure 6.6: Giant Garter Snake Distributions](#)

[Figure 6.6: Western Yellow-Billed Cuckoo Distributions](#)

[Figure 6.7: California Red-Legged Frog Distributions](#)

[Figure 6.9: California Tiger Salamander Distributions](#)

[Figure 6.10: Valley Elderberry Longhorn Beetle Distributions](#)

[Figure 6.11: Vernal Pool Crustacean Distributions](#)

[Chapter 3 Figures](#)
