

## **Statement of Qualifications**

### **Reza Moghissi**

I, Reza Moghissi, am the Chief of Maintenance and Operations for the County of Sacramento Department of Transportation. I have 32 years of experience in public works in such areas as planning and design, maintenance and operations, construction management, and land development. In my current position as the Chief of Maintenance and Operations, I oversee maintenance and operations of over 5000 lane miles of County roadways, including bridges, trees and landscape, traffic signals and lighting, traffic signs and markings, and bicycle and pedestrian facilities. I also oversee and manage the County's traffic engineering and operations functions where I lead a staff of over 200 professional, technical, field, and office staff. I am a registered civil engineer and a registered traffic engineer in California.
