Subject: Data for CWF Final EIR/S

Richard, it has been brought to my attention that there may have been a file transfer issue with the data that I shared with you. You may have been provided with the data that supports the work for the working draft of the Biological Assessment (BA) instead of the data being used to prepare the Final EIR/S. The data for the BA should have been requested from the U.S. Bureau of Reclamation through Michelle Banonis (cc'd). Please download the data for the Final EIR/S from the following link:
