

Chapter 33 List of Preparers

The tables in this section include the preparer information provided by each agency or consultant for the purposes of this chapter.

33.1 California Department of Water Resources

Name	Contribution or Role
Mary Akens	Senior Staff Counsel
Connor Block	Environmental Scientist
Kenneth Bogdan	Senior Staff Counsel
Michael Bradbury	Program Manager II
Gina Darin	Senior Environmental Scientist
Christopher Geach	Environmental Scientist
Krista Hoffmann	Environmental Scientist
Gardner Jones	Program Manager II
Katherine Marquez	Program Manager II
Rhiannon Mulligan	Environmental Scientist
Kristina Reese	Senior Environmental Scientist
Jamie Silva	Environmental Scientist
Nadine Small	Environmental Scientist
Marcus Yee	Program Manager III, Executive Program Office

33.2 U.S. Bureau of Reclamation

Name	Contribution or Role
Mary Lee Knecht	Program Manager
Brooke White	Program Manager
Amy Aufdemberge	Solicitor
Steve Palmer	Solicitor
Michael Tansey	Climate Change Coordinator
Kristin White	Deputy Operations Manager

33.3 ICF

Name	Education and Experience	Contribution or Role
Steve Centerwall	B.A. Environmental Policy; 30+ years of experience	Project manager and senior reviewer
Teresa Chan	J.D., B.A. Political Science; 14 years of experience	Deputy project manager and senior reviewer
Gregg Roy	B.S. Political Economy of Natural Resources; 29 years of experience	Project director and senior reviewer
Kasey Allen	B.A. Economics; 15 years of experience	GIS project manager
Jennifer Ban	Bachelor of Landscape Architecture; 19 years of experience	Visual resources analysis
Ellen Berryman	M.S. Biology; B.S. Zoology; 32 years of experience	Senior biologist
Mary Bilse	B.A. Social Ecology, Environmental Health and Planning; 29 years of experience	Senior environmental planner
David Buehler	B.S. Civil Engineering; 37 years of experience	Noise and vibration specialist
Joel Butterworth	M.S. Geography (Minor: Soil Science), B.A. Geography; 25+ years of experience	Senior geological resources specialist
Ed Carr	M.S. Atmospheric Science; B.S. Meteorology; 39 years of experience	Air quality and health risk analysis
Tait Elder	M.A. and B.A. Archaeology; 14 years of experience	Archaeologist
Mathilda Evoy-Mount	B.A. Environmental Studies; 9 years of experience	Recreation and socioeconomics analysis
Rachel Gardiner	M.S., Candidate, Wildlife Ecology, B.S., Biology; 15 years of experience	Biologist
Marin Greenwood	Ph.D. Fish Ecology, M.S. Applied Fish Biology, B.S. Aquatic Bioscience; 15 years of experience	Aquatic ecologist
Erin Gustafson	B.A. Urban Studies and Planning; 5 years of experience	Project coordination; hazards and hazardous materials, public health, public services and utilities analysis
John Howe	M.S. Environmental Biology, B.S. Biology; 22 years of experience	Senior biologist
Andrew Humphrey	B.A. History; 10 years of experience	Project coordination
Shay Humphrey	B.A. Political Science and History; 11 years of experience	Public involvement, consultation and coordination
Jody Job	39 years of experience	Publications specialist

Name	Education and Experience	Contribution or Role
Susan Lassell	M.A. Historic Preservation, B.S. Environmental Design; 24 years of experience	Senior historic preservation planner
David Lemon	M.A. Public History, B.A. U.S. History; 16 years of experience	Architectural historian
Cristina Lopez-Barrios	M.S. Geographic Information Science, B.S. Forest Engineering; 5 years of experience	GIS analyst
Stephanie Myers	M.S. Avian Sciences, B.A. Biology; 25+ years of experience	Senior wildlife resources specialist
David Nicholson	M.C. Anthropology, B.A. Anthropology and Political Science; 13 years of experience GIS, 25 years of experience Archaeology	GIS analyst
William Parker	B.A. Anthropology; 9 years of experience	Senior GIS analyst
Robert Preston	Ph.D. Botany, M.A. Botany, B.A. Biological Sciences and Chemistry; 28 years of experience	Botanist and wetlands ecologist
LeAnne Rojas	P.S.M. Water Resources Management, B.S. Biological Conservation; 7 years of experience	Biologist
Ian Rock	B.A. Earth and Ocean Studies; 4 years of experience	Hazards and hazardous materials, and public health analysis
Michael Rushton	M.A. and B.A. Geography; 40+ years of experience	Senior reviewer
Daniel Schiff	B.A. Geography; 14 years of experience	GIS analyst
Sacha Selim	B.A. Economics/Business Management; 11 years of experience	GIS analyst
Jason Volk	B.S. Mechanical Engineering; 18 years of experience	Acoustical engineer
Sophie Unger	Ph.D. Aquatic Biology, B.A. Biology; 34 years of experience	Aquatic ecologist and fisheries biologist
Hunter Watkins	B.S. Environmental Studies; 3 years of experience	Land use and agricultural resources analysis
Laura Yoon	M.S. Environmental Management, B.A. Environmental Studies; 9 years of experience	Energy, air quality and climate change analysis

33.4 Other Contributors

Name	Education and Experience	Contribution or Role
Black & Veatch		
Steve Brockhoff	B.S. Geography; 13 years of experience	GIS Analyst, Mapbooks
Diana Cregar	B.S., Urban and Regional Planning and Historic Preservation; 17 years of experience	GIS Implementation, Mapbooks
Crystal Schiffbauer-Bowles	M.S., Environmental Information Systems and Project Management, B.S. Environmental Science and Environmental Biology ; 21 years of experience	GIS Analysis, Mapbooks
CH2M Hill		
Gwendolyn Buchholz	M.S. Civil Engineer, B.A. Physics; 42 years of experience	Water supply, surface water, groundwater, water quality analysis
Chandra Chilmakuri	Ph.D. Hydrodynamics & Environmental Modeling, M.S. and B.S. Civil Engineering; 16 years of experience	Water supply, surface water, water quality, and fisheries modeling
Robertson-Bryan, Inc.		
Michelle Brown	M.S. Civil Engineering; 22 years of experience	Water quality analysis
Michael Bryan	Ph.D. Environmental Toxicology and Fisheries Biology; 31 years of experience	Water quality analysis
Ben Giudice	Ph.D. Environmental and Water Resources Engineering; 11 years of experience	Water quality analysis
Cyle Moon	M.S. Engineering Science; 6 years of experience	Water quality analysis
Ellen Preece	Ph.D. Environmental and Natural Resource Sciences, Limnology; 13 years of experience	Water quality analysis
