Greetings,

Kirby Brill is listed as the authorized representative of Mojave Water for receiving interested persons information related to the California WaterFix Water Right Hearing (attached NOI for reference).

With Kirby Brill retirement, a new representative is needed in order for Mojave Water to stay informed. Please reply back to this email with your desired representatives email and phone number.

Also, attached is the most recent Ruling letter issued by the Hearing Officers, this message failed to be received by Kirby Brill.

Please let me know if you have any questions or concerns.

Respectfully,

Jason Baker – AGPA
Special Projects and Records Unit
Division of Water Rights
State Water Resources Control Board
(916) 341-5354
