1) We are complying with the SWRCB directive separating Phases I and II. Please understand that this may not be feasible in some respects. For example, the American River Water Agencies (ARWA) parties have expended considerable effort and resources to coordinate and balance water supply and instream issues. This integration is reflected in our planning, modeling, impact analyses and other relevant work.

2) Many of the consultants will present in panel format on behalf of multiple protestants, including North State Water Alliance and ARWA parties. We are seeking to coordinate as much as possible.

(If more space is required, please add additional pages.)

Part II: I/we plan to participate in Part II as a party and will call witnesses to testify at the hearing. Please note that you will be required to submit a Supplemental Notice of Intent to Appear at a date to be determined for Part II of the hearing that lists your witnesses, subject of proposed testimony, etc.

I/we have also protested the Petition in accordance with Water Code section 1703.2.
