Subject: WaterFix Policy Statements Available Online
Date: Monday, October 02, 2017 1:19:27 PM

Service List and Interested Parties,

Due to the high profile nature of the California WaterFix Project and associated water right change petition hearing, the State Water Board members and staff are receiving numerous general communications regarding the project from interested persons who have not distributed their comments to the hearing parties. Some are identified as policy statements and others appear to be policy statements even though they were not identified as such specifically. In accordance with the rules governing ex parte communications, we will treat these comments as policy statements and post them on our website in groups every one to two weeks for review by the hearing parties.

We will notify the hearing parties when new groups of comments have been posted. As required by Government Code section 11430.50, those communications will be part of the administrative record for this proceeding. The hearing officers and other State Water Board members will not review any comments until they are posted on the Board's website for review by all parties.

Respectfully,

CA WaterFix Hearing Team

=====
