CALIFORNIA WATERFIX HEARING – RULING CLARIFYING STATUS OF PART 2 CASE-IN-CHIEF EXHIBITS INTRODUCED DURING DIRECT EXAMINATION

This ruling clarifies the status of exhibits from the case-in-chief phase of Part 2. All case-in-chief and cross-examination exhibits moved into evidence during Part 2 that are not excluded by this ruling or a prior ruling are hereby admitted into the evidentiary record. A complete list summarizing the status of all exhibits from the case-in-chief phase of Part 2 is attached to this ruling.¹

Antioch-500-errata, Antioch-501, and Antioch-502

On March 26, 2018, the Department of Water Resources (DWR) objected to and moved to strike the entirety of City of Antioch's Part 2 case-in-chief testimony by Dr. Susan Paulsen. DWR asserted that Dr. Paulsen's testimony and the City's proposed permit conditions related only to legal injury to the City of Antioch's water rights and therefore have no relevance to any Part 2 issue. We indicated during the hearing that we would take DWR's motion under advisement. After considering the parties' arguments, we disagree with DWR's interpretation of Dr. Paulsen's testimony, and therefore overrule the objection and deny the motion to strike, for two reasons.

First, we find that Dr. Paulsen's testimony is relevant to Part 2 issues. Testimony is relevant if it has any tendency to help our understanding of any of the Part 2 key hearing issues in our hearing notice. Testimony on the relationship between Delta inflows and localized salinity near Antioch is relevant to fish, wildlife, and recreational uses, not just Antioch's legal uses. Also, Dr. Paulsen testified that Antioch may need to expend funds either toward additional treatment or toward purchasing replacement water supplies as a result of WaterFix Project operations. The possibility that the WaterFix Project may result in water quality impacts that require the city's residents to pay higher rates is a potential public interest impact within the scope of Part 2.

Second, we think DWR mischaracterized the terms proposed by Antioch and that proposing those terms falls within the scope of Part 2. Antioch was not proposing a new or revised agreement with DWR, as DWR asserted when lodging its objection, but rather explaining how uncertainty regarding the future of its 1968 Agreement with DWR informs and justifies its

¹ In the attachment, "Date Offered" indicates the date when a case-in-chief exhibit was offered into evidence, and "Date Introduced" indicates the date when a cross-examination exhibit was first introduced. Note that in some instances, an exhibit was first introduced during cross-examination but subsequently was offered and accepted into evidence as part of a party's case-in-chief.

proposal that any order approving the petition require Petitioners to meet Fall X2 and Decision 1641 water quality objectives at Antioch, or adjust the existing agreement to adequately protect Antioch's interests as described in Dr. Paulsen's testimony and Mr. Emrick's opening statement. Dr. Paulsen's testimony correctly explains why those proposed terms bear on both Part 1 and Part 2 key hearing issues.

As a general matter, if any parties intend to propose specific terms and conditions as part of this proceeding, we encourage them to do so at any time, preferably as soon as possible. Proposed terms and conditions are not, in and of themselves, evidence, though we cannot include any proposed term or condition in our order without an adequate basis in the evidentiary record.

CCLP-40

On DWR's motion, we struck portions of Clifton Court, L.P.'s exhibit CCLP-42 as going beyond the scope of Part 2. Included within that stricken portion of testimony was the sole reference to CCLP-40, a letter from DWR to Clifton Court, L.P. On April 19, 2018, as Clifton Court, L.P., was moving its case-in-chief exhibits into evidence, DWR stated that CCLP-40 should not be accepted into the record. We said at the time that we would take it under advisement.

We find that CCLP-40 is beyond the scope of Part 2 and therefore will not be admitted into evidence. Whether we consider this exhibit in isolation or in the context of CCLP-42, CCLP-40 does not relate to the WaterFix Project or any Part 2 key hearing issue. Although we struck the sole reference to CCLP-40 in Clifton Court, L.P.'s written testimony, that is not a basis for this ruling. We remind the parties that an exhibit may be relevant and admissible even if it is not referenced in any witness's testimony.

SDWA Exhibits

On March 19, 2018, Dante John Nomellini testified for South Delta Water Agency, et al. (SDWA). Mr. Nomellini's testimony referenced exhibits SDWA-304 and SDWA-305, which consist of bar charts marked "DRAFT" that purport to illustrate production trends for certain salmon runs. During DWR's cross-examination of Mr. Nomellini, he was unable to explain the exact provenance of those bar charts other than to say they came up in a Google search for "Anadromous Fish Restoration Program." When SDWA moved their exhibits into evidence later that day, DWR objected to SDWA-304 and SDWA-305 and requested, for clarity of the record, that SDWA move its exhibits into evidence in writing. We so directed, and SDWA complied on March 21, 2018. We received no further objections to SDWA's case-in-chief exhibits.

In adjudicative proceedings before the State Water Board such as this one, the bar for admissibility of evidence is somewhat low. Under Government Code section 11513, we admit evidence so long as it is the "sort of evidence on which reasonable persons are accustomed to rely in the conduct of serious affairs." In practice, this means that instead of excluding evidence with questionable reliability, we frequently allow evidence into the record over objections and afford it the appropriate weight.

In this instance, however, we find that SDWA-304 and SDWA-305 fall below the bar set by Government Code section 11513. The documents purport to summarize quantitative fish production data, yet they do not indicate on their face where they came from, who generated them, how, and for what purpose – all essential questions for evaluating their reliability.

Mr. Nomellini's cross-examination answered none of those questions for us, either. Without such basic indicia of reliability, those two exhibits have no probative value. Therefore, we find that it would be inappropriate to admit SDWA-304 and SDWA-305 into the evidentiary record. Those two exhibits are hereby excluded.

Snug Harbor Resorts Direct Examination Slides

After DWR raised evidentiary objections to several slides in Snug Harbor Resorts' (SHR) direct examination presentation, DWR and SHR reached an agreement by which certain slides would not be moved into evidence. Some confusion resulted, however, when those slides were not removed from the WaterFix Water Right Hearing website or SHR's Exhibit Identification Index (EII). Instead, SHR noted on the EII which slides within the exhibit were in evidence.

We find that the most efficient way to avoid confusion and improper reliance on the excluded slides is for us to mark the excluded slides "[**SLIDE NOT ADMITTED**]" ourselves. This will put the parties and us on adequate notice as to which slides are not part of the evidentiary record. The hearing team will post the corrected exhibits to the website once they are complete.

If you have any non-controversial, procedural questions about this ruling or other matters related to the California WaterFix Hearing, please contact the hearing team at CWFhearing@waterboards.ca.gov or (916) 319-0960.

Sincerely,
