

Agenda for STM Working Group Biological Goals Technical Workshop

August 4, 2022, 1 – 5 PM

Byron Sher Auditorium, CalEPA Building

Remote Participation Available

To view the Workshop only: [CalEPA Public Webcasts](#)

1:00 - 1:10 PM – Introduction – Opening comments

1:10 - 1:30 PM – Staff presentation

1:30 - 2:30 PM – Moderated Expert Panel Discussion

Focus Questions

1. What are the benefits and challenges associated with identifying specific quantitative values for biological goals?
2. What are the benefits and challenges of basing quantitative goals on the salmon doubling goal versus stock-recruitment relationships?
3. What sources of evidence or what types of analyses inform the probability that the revised draft biological goals may or may not be achievable?
4. What are the benefits and challenges associated with the approaches to addressing hatchery influence in the revised draft biological goals?

Panel Participants: Josh Korman (Ecometric), Brian Crawford (Compass Resource Management), Jon Rosenfield (San Francisco Baykeeper), Andrea Fuller (FishBio), Joe Merz (Cramer Fish Sciences), and Steve Lindley (National Marine Fisheries Service, Santa Cruz Laboratory).

2:30 - 2:45 PM Break

2:45 - 5 PM – Public Comments
