

April 5, 2013

**This is a message from the State Water Resources Control Board.**

This email is to provide additional information to persons interested in providing comments to the State Water Board on the Bay-Delta comprehensive review informational item at its April 9, 2013 Board meeting. The Board meeting agenda for this informational item is available at [http://www.waterboards.ca.gov/board\\_info/agendas/2013/apr/agnd040913.pdf](http://www.waterboards.ca.gov/board_info/agendas/2013/apr/agnd040913.pdf)

As a reminder, the State Water Board is specifically not requesting comments on the individual workshop summaries in the draft report, but instead input on next steps in this process related to the overall summary provided at the outset of the draft report. The State Water Board is specifically requesting input on what, if any, areas of uncertainty identified in the summary report should be resolved during the comprehensive review of the Bay-Delta Water Quality Control Plan and what process should be used to resolve those issues.

In order to organize the presentations and facilitate efficient planning for the item, please submit any requests for more than 5 minutes to present comments by email to [bay-delta@waterboards.ca.gov](mailto:bay-delta@waterboards.ca.gov) no later than 3:00 p.m. on Monday, April 8, 2013. The email should include the name of the person leading the presentation, the commenters being represented, the total amount of time requested, and any additional information concerning the request you think would be useful for State Water Board staff to know in advance of the meeting. Submission of a request is not necessary if you plan to limit your presentation to 5 minutes. If you have already made a request through some other contact with the State Water Board, please resubmit the request to the above email address no later than 3:00 p.m. on Monday, April 8, 2013.

The draft Workshop Summary Report and other information concerning the workshop and the State Water Board's review of the Bay-Delta Plan can be found at: [http://www.waterboards.ca.gov/waterrights/water\\_issues/programs/bay\\_delta/comp\\_review.shtml](http://www.waterboards.ca.gov/waterrights/water_issues/programs/bay_delta/comp_review.shtml)

Questions regarding this matter should be directed to Rich Satkowski at [Rich.Satkowski@waterboards.ca.gov](mailto:Rich.Satkowski@waterboards.ca.gov) or 916-341-5439.

Thank you,

Larry Lindsay
