Subject: DON'T TAKE CENTRAL VALLEY WATER.

Why does giving the farmers in the Central Valley water they need in our National Security? If we have to depend on other countries for our food because there isn't enough water to grow our crops, we are at their mercy for cost and supply. We can do without certain varieties of fish in certain areas but we can't do without food. People in cities don't seem to realize or appreciate this truth. DON'T TAKE CENTRAL VALLEY WATER.

Other alternatives for having both have been given to you. Why won't you accept them? Donna Hall
