Debbie Irvin
Clerk of the Board
State Water Resources Control Board
PO Box 100
Sacramento, CA 95812

Dear Ms. Irvin:

Enclosed you will find the seventeen (17) compact discs containing materials for the workshop presentations for the San Joaquin River Group Authority, in addition to one printed copy of each piece of material. These materials include:

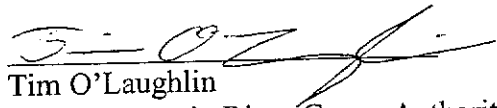

1. Written presentations.
2. Power Point presentations. Daniel Steiner will be submitting some of his own materials.
3. Maps. Many of these maps are 7.5 minute topographic maps and soil survey maps from the United State Geological Survey and Department, National Resources Conservation Service, which whose print size measures approximately 22 inches by 27.5 inches. Many of these maps are also in color.
4. Various reference materials not contained in the State Board file.

We have also included a soil survey for San Joaquin County. Due to the size and volume of the soil survey, we have only included one copy. However, additional copies are available upon request.

Please direct any questions you may have regarding the content of this material to my associate Kenneth Petruzzelli.

Very truly yours

O'Laughlin & Paris LLP

Tim O'Laughlin
