

melt, groundwater & rivers with water efficiency practices - including water efficient crops. I support the growing farmer's market movement - I support farmers of course (we have to eat). Our rivers our such an invaluable resource - the fish, the connection with nature + hundreds of species of wildlife in the Delta.

Please support a 50/50 balance in your plan. Thank you, Gail Bourque

To Felicia Marcus, Board members  
& Governor Jerry Brown

I am, today, on a rafting trip on the American River. There are dozens + dozens of rafters + kayakers on the river. It is a beautiful waterway - extremely important for California. I know that the Ca Water Resources Control Board is currently updating the Bay Delta Control. We want good management of snow-
