Dear Chair Marcus & Board Members,

I write to you from the banks
of the American River, the South fork
to be exact, on as flat a rock that
is next to me. The water is flowing @
1300 today. It is beautiful and I wish
you were here. Please protect the
flow of this and other California
rivers. The rivers are sacred and
we must protect them.

Sincerely, Kirsten Keith, Menlo Park
Council member
